This Korean War map activity will help students become more familiar with key geographical features and important events during the war. Students will label and color the map and then answer a few questions.Included:Blank Korean War Map for students to label, color, and answer questions (1 page, une

The Korean Peninsula today is divided into two, but there was a time when this peninsula was divided into many states. Over the course of time, and besieged by expansive transient dynasties outside of this modest piece of land, many clans and tribes overran their lands.

The Korean War was a significant turning point in the Cold War. This book explains how the conflict in a small peninsula in East Asia had a tremendous impact on the entire international system and the balance of power between the two superpowers, America and Russia. Through the conflict, the West demonstrated its resolve to thwart Communist aggression and the armed forces of China, the Soviet Union and the United States came into direct combat for the only time during the Cold War.

The Korean War, which began in 1950 and ended in 1953, is not considered one of the major wars of the twentieth century. However, in reality, it was profoundly impactful on global history. As an early crisis of the Cold War, it set important precedents for how conflicts would be handled during this era. But also, it has shaped Korea's history for more than half a century. Inside you will read about... Korea before World War II The End of World War II and the Cold War Context The Korean War Begins The United States Enters the Korean War The Korean War Escalates Stalemate at the 38th Parallel After the War It was destructive, and brought many atrocities on both sides. What is more, still to this day, Korea remains divided along the 38th parallel, and the people of North and South Korea live very different lives.

Librarians who work with readers will find this well-loved guide to be a treasure trove of information. With descriptive annotations of thousands of genre titles mapped by genre and subgenre, this is the readers' advisor's go-to reference. Helps librarians answer the challenging question "What should I read next?" Helps LIS students understand popular genres and better select books for which readers are looking Serves as a starting point for library patrons looking for their next read

There are so many books on so many aspects of the history of the United States, offering such a wide variety of interpretations, that students, teachers, scholars, and librarians often need help and advice on how to find what they want. The Reader's Guide to American History is designed to meet that need by adopting a new and constructive approach to the appreciation of this rich historiography. Each of the 600 entries on topics in political, social and economic history describes and evaluates some 6 to 12 books on the topic, providing guidance to the reader on everything from broad surveys and interpretive works to specialized monographs. The entries are devoted to events and individuals, as well as broader themes, and are written by a team of well over 200 contributors, all scholars of American history.

The Korean peninsula, divided for more than fifty years, is stuck in a time warp. Millions of troops face one another along the Demilitarized Zone separating communist North Korea and capitalist South Korea. In the early 1990s and again in 2002-2003, the United States and its allies have gone to the brink of war with North Korea. Misinterpretations and misunderstandings are fueling the crisis. "There is no country of comparable significance concerning which so many people are ignorant," American anthropologist Cornelius Osgood said of Korea some time ago. This ignorance may soon have fatal consequences. North Korea, South Korea is a short, accessible book about the history and political complexites of the Korean peninsula, one that explores practical alternatives to the current US policy; alternatives that build on the remarkable and historic path of reconciliation that North and South embarked on in the 1990s and that point the way to eventual reunification.

Frankly in Love meets Shark Tank in this feel-good romantic comedy about two entrepreneurial Korean American teens who butt heads—and maybe fall in love—while running competing Korean beauty businesses at their high school. There's nothing Valerie Kwon loves more than making a good sale. Together with her cousin Charlie, they run V&C K-BEAUTY, their school's most successful student-run enterprise. With each sale, Valerie gets closer to taking her beloved and adventurous halmeoni to her dream city, Paris. Enter the new kid in class, Wes Jung, who is determined to pursue music after graduation despite his parents' major disapproval. When his classmates clamor to buy the K-pop branded beauty products his mom gave him to "make new friends," he sees an opportunity—one that may be the key to help him pay for the music school tuition he knows his parents won't cover... What he doesn't realize, though, is that he is now V&C K-BEAUTY's biggest competitor. Stakes are high as Valerie and Wes try to outsell each other, make the most money, and take the throne for the best business in school—all while trying to resist the undeniable spark that's crackling between them. From hiring spies to all-or-nothing bets, the competition is much more than either of them bargained for. But one thing is clear: only one Korean business can come out on top.
