Barre Chords Chart - Lessons.com

Barre chords (often written as bar chords) are very versatile guitar chords, which are movable to any fret on the fretboard in a given shape. Barre (bar) actually refers to the positioning of the index finger of your fretting hand, which must be laid across and holding down several strings at once. Your index finger will take the role of the nut, allowing you to take open chords and play them anywhere on the neck with the rest of your fretting fingers.
