Historical Dictionary of Socialism (Historical ...

Socialism, social and economic doctrine that calls for public rather than private ownership or control of property and natural resources. According to the socialist view, individuals do not live or work in isolation but live in cooperation with one another. Furthermore, everything that people produce is in some sense a social product, and everyone who contributes to the production of a good is entitled to a share in it.

socialism | Definition, History, Examples, & Facts ...

As the Historical Dictionary of Socialism argues, "there were general criticisms about the social effects of the private ownership and control of capital", "a general view that the solution to these problems lay in some form of collective control (with the degree of control varying among the proponents of socialism) over the means of production, distribution, and exchange" and "there was ...

Historical Dictionary of Socialism (Historical ...

Socialism has been an influential force for social change for almost two centuries. Its philosophy and ideology have inspired millions while simultaneously arousing fear and revulsion in its enemies. Having emerged after the French Revolution in the effort to build upon and develop the egalitarian ideas of the Enlightenment, socialism has taken many forms. It has, furthermore, sometimes been manipulated and reformulated by opportunists who have built authoritarianism and totalitarian dictatorships in its name. Opponents seize on such examples to frighten away people who may otherwise have found socialism attractive. Socialism has survived such criticism and misrepresentation as its core principles have struck a chord with generations of people concerned with social justice. This third edition of Historical Dictionary of Socialism contains a chronology, an introduction, a glossary, and an extensive bibliography. The dictionary section has over 500 cross-referenced entries on activists, politicians, political thinkers, political parties and organizations, and key topics, concepts, and aspects of socialist theory.. This book is an excellent access point for students, researchers, and anyone wanting to know more about the Socialism."

The Historical Dictionary of Kazakhstan covers the history of Kazakhstan through a chronology, an introductory essay, appendixes, and a bibliography. The dictionary section has over 400 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture. This book is an excellent access point for students, researchers, and anyone wanting to know more about Kazakhstan.

The Historical Dictionary of Norway supplies a wealth of information that illuminates Norway's remarkable history, society, and culture. This is done through a chronology, a bibliography, an introductory essay, appendixes, and over 250 cross-referenced dictionary entries covering events and individuals of historical, political, social, and cultural significance. Both past and present political parties are discussed, major economic sectors are described, and basic economic facts are provided. Several entries describe the history and attractions of major Norwegian cities, and Norway's role in the international community is detailed as well providing a full portrait of this vibrant country.

The Historical Dictionary of Ukraine, Second Edition covers the history of Ukraine and its struggles through a chronology, an introductory essay, appendixes, and an extensive bibliography. A valuable reference work for students, scholars, researchers, and those interested in the economy, politics, and culture of Slovenia.

This third edition of Historical Dictionary of Tajikistan contains a chronology, an introduction, appendixes, and an extensive bibliography. The dictionary section has over 800 cross-referenced entries on important personalities, politics, economy, foreign relations, religion, and culture.

Primarily concerned with the historical roots and contemporary condition of socialism, the second edition of the Historical Dictionary of Socialism offers information on writers, activists, ideas, political parties, institutions, and movements that sought and in many cases are still seeking to change the social and political order. It reflects the diversity in the broad movement of the left, the many variants of which include reformist social democracy, revolutionary Marxism, the New Left, and contemporary anti-capitalism. Taking up where the first edition left off, this thoroughly revised dictionary shows how socialism has been reacting, reforming and also expanding. This is done through a chronology, a list of acronyms and abbreviations, an introductory essay, a bibliography, and a cross-referenced dictionary section with 114 new entries, some on the current leadership, others on the many new parties of Central and Eastern Europe and the Third World, and yet others on the reaction to globalization. This book will provide a mine of information for teachers and students of political ideologies, comparative politics, political sociology, labor history, and political theory.
