Honda Satellite-Linked Navigation System™ | 2021 Honda ...

The navigation system applies location, direction, and speed information to the maps and calculates a route to the destination you enter. As you drive to that destination, the system provides map and voice guidance. The navigation system is easy to use. The locations of many places of business and entertainment are already entered in the system.

Remember, your Honda navigation system is designed for driving. Unlike portable devices with small screens and even smaller buttons, your in-vehicle navigation system can help you remain focused on the road ahead. Updating your map maximizes your driver-centric navigation experience, helping you get the most from your system.
