Describes the secret mission of a small band of U.S. soldiers who battled against Taliban forces on horseback and captured the Afghan city of Mazar-i Sharif, a critical location for further campaigns.

A Simon & Schuster eBook. Simon & Schuster has a great book for every reader.

On September 11th, 2001 the world watched in terror. On September 12th, 2001 they volunteered to fight. Twelve soldiers gave us a reason to hope. THE DECLASSIFIED TRUE STORY OF THE HORSE SOLDIERS. This is the dramatic account of a small band of Special Forces soldiers who entered Afghanistan immediately following September 11, 2001 and, riding to war on horses, defeated the Taliban. Outnumbered 40 to 1, they capture the strategic Afghan city of Mazar-e Sharif, and thereby effectively defeat the Taliban throughout the rest of the country. They are welcomed as liberators as they ride on horses into the city, the streets thronged with Afghans overjoyed that the Taliban have been kicked out. The soldiers rest easy, as they feel they have accomplished their mission. And then, the action takes a wholly unexpected turn. During a surrender of Taliban troops, the Horse Soldiers are ambushed by the would-be P.O.W.s and, still dangerously outnumbered, they must fight for their lives in the city's ancient fortress known as Qala-I Janghi, or the House of War. . . . Praise for Doug Stanton: "A thrilling action ride of a book." New York Times "As gripping as the most intricately-plotted thriller." Vince Flynn "A riveting story of the brave and resourceful American warriors who rode into Afghanistan after 9/11 and waged war against Al Qaeda." Tom Brokaw "This reads like a cross between an old-fashioned Western and a modern spy thriller." Parade Magazine "Spellbinding...action-packed prose. The book reads more like a novel." USA Today

"A thrilling action ride of a book" (The New York Times Book Review)—from Jerry Bruckheimer in theaters everywhere January 19, 2018—the New York Times bestselling, true-life account of a US Special Forces team deployed to dangerous, war-ridden Afghanistan in the weeks following 9/11. Previously published as Horse Soldiers, 12 Strong is the dramatic account of a small band of Special Forces soldiers who secretly entered Afghanistan following 9/11 and rode to war on horses against the Taliban. Outnumbered forty to one, they pursued the enemy army across the mountainous Afghanistan terrain and, after a series of intense battles, captured the city of Mazar-i-Sharif. The bone-weary American soldiers were welcomed as liberators as they rode into the city. Then the action took a wholly unexpected turn. During a surrender of six hundred Taliban troops, the Horse Soldiers were ambushed by the would-be POWs. Dangerously overpowered, they fought for their lives in the city's immense fortress, Qala-i-Janghi, or the House of War. At risk were the military gains of the entire campaign: if the soldiers perished or were captured, the entire effort to outmaneuver the Taliban was likely doomed. "A riveting story of the brave and resourceful American warriors who rode into Afghanistan after 9/11 and waged war against Al Qaeda." (Tom Brokaw), Doug Stanton's account touches the mythic. The soldiers on horses combined ancient strategies of cavalry warfare with twenty-first-century aerial bombardment technology to perform a seemingly impossible feat. Moreover, their careful effort to win the hearts of local townspeople proved a valuable lesson for America's ongoing efforts in Afghanistan. With "spellbinding...action packed prose...The book reads more like a novel than a military history...the Horse Soldier's secret mission remains the US military's finest moment in what has since arguably been a muddled war" (USA TODAY).

OFFICIAL TIE-IN TO THE MAJOR MOTION PICTURE 12 STRONG, STARRING CHRIS HEMSWORTH On September 11th, 2001 the world watched in terror. On September 12th, 2001 they volunteered to fight. In this riveting account, journalist Stanton recreates the miseries and triumphs of specially trained mounted U.S. soldiers, deployed in the war-ravaged Afghanistan mountains to fight alongside the Northern Alliance against the Taliban. Tall Premium Edition.

A portrait of the American recon platoon of the 101st Airborne Division describes their sixty-day fight for survival during the 1968 Tet Offensive, tracing their postwar difficulties with acclimating into a peacetime America that did not want to hear their story.

The first-person account of how a small band of Green Berets used horses and laser-guided missiles to overthrow the Taliban and al-Qaeda in Afghanistan after 9/11. They landed in a dust storm so thick the chopper pilot used dead reckoning and a guess to find the ground. They were met by a band of heavily armed militiamen who didn't understand a word they said. They climbed a mountain on horseback to meet the most ferocious warlord in Asia. They plotted a war of nineteenth-century maneuvers against a twenty-first-century foe. They saved babies and treated fevers, trekked through minefields, and waded through booby-trapped streams—sometimes past the mangled bodies of local tribesmen who'd shared food with them hours before. They found their enemy hiding in thick concrete bunkers, dodged bullets from machine-gun-laden pickup trucks, and survived ambushes launched with Russian tanks. They fought back with everything they had, from smart bombs to AK-47s. They overthrew a government, mediated blood feuds between rival commanders, and argued with generals and politicians thousands of miles away. The men they helped called them gods. One of their commanders called them devils. Hollywood called them the Horse Soldiers. They called themselves Green Berets—Special Forces ODA 595.

A harrowing, adrenaline-charged account of America's worst naval disaster -- and of the heroism of the men who, against all odds, survived. On July 30, 1945, the USS Indianapolis was torpedoed in the South Pacific by a Japanese submarine. An estimated 300 men were killed upon impact; close to 900 sailors were cast into the Pacific Ocean, where they remained undetected by the navy for nearly four days and nights. Battered by a savage sea, they struggled to stay alive, fighting off sharks, hypothermia, and dementia. By the time rescue arrived, all but 317 men had died. The captain's subsequent court-martial left many questions unanswered: How did the navy fail to realize the Indianapolis was missing? Why was the cruiser traveling unescorted in enemy waters? And perhaps most amazing of all, how did these 317 men manage to survive? Interweaving the stories of three survivors -- the captain, the ship's doctor, and a young marine -- journalist Doug Stanton has brought this astonishing human drama to life in a narrative that is at once immediate and timeless. The definitive account of a little-known chapter in World War II history, In Harm's Way is destined to become a classic tale of war, survival, and extraordinary courage.

The bestselling, truly gripping account of 2008's landmark election, updated through 2009 The election of 2008 shattered political barriers and ignited an extraordinary battle among some of the most formidable political rivals ever to seek the presidency. Now, Dan Balz and Haynes Johnson, two of America's most respected journalists, offer the first complete picture of the strategies-and singular personalities- that accompanied the candidates' first forays into Iowa and New Hampshire through Obama's historic victory on Election Night. Filled with insider details, this riveting, wholly nonpartisan account of the historic election will capture the attention of everyone who witnessed it, as well as future generations who wished they had. A Washington Post and L.A. Times Best Book of the Year.
