"In Company is a fast-paced four-level business English course for professional adults who need to communicate in everyday business situations. It has established itself as the English course for professionals because of its immediate results through topic-based content, active skills, and real-world tasks that are instantly relevant to everyday business life development. In Company recognizes that students need to go beyond talking about their work in English: they need English skills that are immediately transferable to their day-to-day routine. Each lesson is a stand-alone fast-track unit to competence in a particular skill that students will need in their working life."--Editor.
