Studies the means by which the nineteenth-century white man uprooted the Southern Indians and pushed them Westward

Now in paperback, an important account of ten Supreme Court cases that changed the fate of Native Americans, providing the contemporary historical/political context of each case, and explaining how the decisions have adversely affected the cultural survival of Native people to this day.

A sixth-generation North Carolinian, highly-acclaimed author John Ehle grew up on former Cherokee hunting grounds. His experience as an accomplished novelist, combined with his extensive, meticulous research, culminates in this moving tragedy rich with historical detail. The Cherokee are a proud, ancient civilization. For hundreds of years they believed themselves to be the "Principle People" residing at the center of the earth. But by the 18th century, some of their leaders believed it was necessary to adapt to European ways in order to survive. Those chiefs sealed the fate of their tribes in 1775 when they signed a treaty relinquishing their land east of the Mississippi in return for promises of wealth and better land. The U.S. government used the treaty to justify the eviction of the Cherokee nation in an exodus that the Cherokee will forever remember as the "trail where they cried." The heroism and nobility of the Cherokee shine through this intricate story of American politics, ambition, and greed. B & W photographs

The "fascinating" #1 New York Times bestseller that awakened the world to the destruction of American Indians in the nineteenth-century West (The Wall Street Journal). First published in 1970, *Bury My Heart at Wounded Knee* generated shockwaves with its frank and heartbreaking depiction of the systematic annihilation of American Indian tribes across the western frontier. In this nonfiction account, Dee Brown focuses on the betrayals, battles, and massacres suffered by American Indians between 1860 and 1890. He tells of the many tribes and their renowned chiefs—from Geronimo to Red Cloud, Sitting Bull to Crazy Horse—who struggled to combat the destruction of their people and culture. Forcefully written and meticulously researched, *Bury My Heart at Wounded Knee* inspired a generation to take a second look at how the West was won. This ebook features an illustrated biography of Dee Brown including rare photos from the author's personal collection.

"Until the Handbook of Federal Indian Law was issued by the Department of the Interior in 1942, no comprehensive guide to these was available. That work was principally the production of Felix S. Cohen, then assistant solicitor of the department.... It was acclaimed in the pages of this JOURNAL as 'a first class text on 'Indian Law.'" The acclaim was justified, unquestionably. The present work, prepared with an anonymity that defies a reviewer's attempt to attribute authorship, is stated in the preface to be 'a revision and updating through the year 1956' of Mr. Cohen's work. The revision has included a regrouping of the original twenty-three chapters into eleven, coupled with substantial

rearrangement of part of the text. However, by use of the tables of contents of the two volumes, it is possible to follow the text of the old into its place in the new. The work of updating has been done thoroughly and conscientiously. This new volume is indispensable to the lawyer who may be concerned with Indian matters or who may wish to become informed concerning the law applicable to Indians." Maurice H. Merrill, *American Bar Association Journal* 44 (1958) 1072. xix, 1106 pp.

A masterful and unsettling history of "Indian Removal," the forced migration of Native Americans across the Mississippi River in the 1830s and the state-sponsored theft of their lands. In May 1830, the United States formally launched a policy to expel Native Americans from the East to territories west of the Mississippi River. Justified as a humanitarian enterprise, the undertaking was to be systematic and rational, overseen by Washington's small but growing bureaucracy. But as the policy unfolded over the next decade, thousands of Native Americans died under the federal government's auspices, and thousands of others lost their possessions and homelands in an orgy of fraud, intimidation, and violence. *Unworthy Republic* reveals how expulsion became national policy and describes the chaotic and deadly results of the operation to deport 80,000 men, women, and children. Drawing on firsthand accounts and the voluminous records produced by the federal government, Saunt's deeply researched book argues that Indian Removal, as advocates of the policy called it, was not an inevitable chapter in U.S. expansion across the continent. Rather, it was a fiercely contested political act designed to secure new lands for the expansion of slavery and to consolidate the power of the southern states. Indigenous peoples fought relentlessly against the policy, while many U.S. citizens insisted that it was a betrayal of the nation's values. When Congress passed the act by a razor-thin margin, it authorized one of the first state-sponsored mass deportations in the modern era, marking a turning point for native peoples and for the United States. In telling this gripping story, Saunt shows how the politics and economics of white supremacy lay at the heart of the expulsion of Native Americans; how corruption, greed, and administrative indifference and incompetence contributed to the debacle of its implementation; and how the consequences still resonate today.

Chronicled through the diverse voices of the Cherokee, white soldiers, evangelists, leaders, and others, a historical novel captures the devastating uprooting of the Cherokee from their lands in 1838 and their forced march westward

Bestselling author Sherman Alexie tells the story of Junior, a budding cartoonist growing up on the Spokane Indian Reservation. Determined to take his future into his own hands, Junior leaves his troubled school on the rez to attend an all-white farm town high school where the only other Indian is the school mascot. Heartbreaking, funny, and beautifully written, *The Absolutely True Diary of a Part-Time Indian*, which is based on the author's own experiences, coupled with poignant drawings by Ellen Forney that reflect the character's art, chronicles the contemporary adolescence of one Native American boy as he attempts to break away from the life he was destined to live. With a forward by Markus Zusak, interviews with Sherman Alexie and Ellen Forney, and four-color interior art throughout, this edition is perfect for fans and collectors alike.
