List of indigenous peoples - Wikipedia

In May 2016, the Fifteenth Session of the United Nations Permanent Forum on Indigenous Issues (UNPFII) affirmed that indigenous peoples (also termed aboriginal people, native people, or autochthonous people) are distinctive groups protected in international or national legislation as having a set of specific rights based on their linguistic and historical ties to a particular territory, prior to later settlement, development, and or occupation of a region.

---

Indigenous peoples - Wikipedia

Indigenous is defined as “originating or occurring naturally in a particular place; native.” Classifying humans as “indigenous” is questionable, in my opinion. Especially when you consider that human nature, since the dawn of humanity, has been to migrate around the world and kill other tribes to take their territory and resources.

THE INDIGENOUS WORLD 2019 - IWGIA - IWGIA

Indigenous people represent about 5% of the world’s population. The vast majority of them - 70% - live in Asia. Although they have different customs and cultures, they face the same harsh realities: eviction from their ancestral lands, being denied the opportunity to express their culture, physical attacks and treatment as second-class citizens.
