The three books in the Interactions Integrated Skills Program provide an in-depth coverage of the four major language skills: reading, writing, listening, and speaking. In addition, a strong grammar component acts as a foundation for students to rely on while mastering their new skills. The content and themes found in the new Integrated Skills Editions are based on materials from the highly successful Interactions series. Like its parent series, the Integrated Skills Program places a great emphasis on the development of skills and strategies in all language areas. All of the reading selections found in the Interactions Integrated Skills Editions, are fresh and new, with a wide variety of formats and themes. Each selection is accompanied by

A four-year-old willingly brushes his/her teeth and goes to bed. A vacationing couple gets on a flight that has left the gate. \$5 million more for a small business; a billion dollars at a big one. Based on thirty years of research among forty thousand people in sixty countries, Wharton Business School Professor and Pulitzer Prize winner Stuart Diamond shows in this unique and revolutionary book how emotional intelligence, perceptions, cultural diversity and collaboration produce four times as much value as old-school, conflictive, power, leverage and logic. As negotiations underlie every human encounter, this immediately-usable advice works in virtually any situation: kids, jobs, travel, shopping, business, politics, relationships, cultures, partners, competitors. The tools are invisible until you first see them. Then they're always there to solve your
