Isoline lab answer key Before the next section, I have students moving to lab groups. As noted in my other traditional lab days, I teach in a normal class. Students have paired tables (they sit two to a larger table), but it still requires them to combine tables to form their lab groups of four (4) students. So, for this I have students to rearrange the order of the table in the lab tables of ...

LAB 3 ANSWER SHEET Exercise 6: Isolines Part I: For points not ON an isotherm, you should

estimate; some of your estimates may be a degree or two different from the ones provided

here, which is okay. At the same time, if a point was not ON an isotherm, you should know

that its temperature value is not the value of one of the isotherms. Also, your answers should

be in C or F; answers for both ...
