Iveco Trakker Fault Codes List free download ...

The best thing to do is to get the van to some one who can
read the faults, most garages these days will have a hand
held tool that will show what fault has caused the light to
come on, it will give a "P-Code" e.g. P1212, These codes will
pinpoint the exact cause of the problem, and with so many
possibilities and the cost of parts its simply not worth
guessing.

2004 Iveco tector edc code shown = low fuel pressure? Hi ,
2004 Iveco tector 7.5 t 70000 miles .It has a fault code on
the edc which the garage told me relates to low fuel pressure
,the the engine runs smoothly but wont rev over 2700 rpm
also it is completeley down on power. It will get to 56 mph
on the flat but even the slightest of hills it slow down to very
low speeds please tell what needs changing to recify the
problem .MANY THANKS .
