The main volume focuses on aircraft in production while the second book describes older aircraft and upgrades, both military and civil. While 2009 was the centennial year of Jane's All the World's Aircraft, 2013 marked the 100th edition—the disparity due to disruptions (chiefly with volumes covering two years) during the two World Wars. Starting in 1969, Arco (New York) issued the following six volumes in facsimile editions: 1909, 1913, 1919, 1938, 1944-45, and 1950-51.

Jane's All the World's Aircraft - Wikipedia

Jane's USAF is a flight sim developed by Pixel Multimedia and published by EA. Originally envisioned as "Jane's IAF 2", USAF uses many of the gameplay concepts used in IAF. New inclusions include inflight refueling, mission recorder and built in voice command support. Like its predecessor, USAF trades realism for breadth of aircraft available.

Jane's Combat Simulations: USAF (Game) - Giant Bomb

I thought the U.S Military aircraft recognition guide was a really good book. If you like US aircraft read this book. It has many aircraft ranging from WWI to modern day technology. Some of my favorite planes in the book are the Catalina and the Lightning II. So next time youre looking for a good aircraft book look for this one.
