This new enlarged edition combines two collections previously published in the United
States as Kolyma Tales and Graphite. From the Back Cover. It is estimated that some three
million people died in the Soviet forced-labour camps of Kolyma, in the north-eastern area of
Siberia. Shalamov himself spent seventeen years there, and in these stories he vividly
captures the lives of ordinary people caught up in terrible circumstances, their hopes and
plans extending no further than a few hours.

It is estimated that some three million people died in the Soviet forced-labour camps of Kolyma, in the northeastern area of Siberia. Shalamov himself spent seventeen years there, and in these stories he vividly captures the lives of ordinary people caught up in terrible circumstances, whose hopes and plans extended to further than a few hours. This new enlarged edition combines two collections previously published in the United States as *Kolyma Tales* and *Graphite*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

This book analyses eleven of Varlam Shalamov's *Kolyma Tales* from a neo-Formalist perspective. The tales are a testament to Shalamov's seventeen years in Stalin's Gulags, and were written in an attempt to draw attention to this period in Soviet history. Nathaniel Golden has primarily utilised L. M. O'Toole's work *Structure, Style and Interpretation in the Russian Short Story* as the major basis for analysis, but has incorporated many other Formalist and indeed Structuralist methods. The tales in each chapter are analysed by means of five major Formalist categories: Narrative Structure, Point of View, Fabula and Sujet, Characterisation and Setting. This process highlights many of Shalamov's ideas and motifs in the tales. He frequently uses techniques of estrangement and paradox to augment camp

experience, reflecting his belief that there is no moral, emotional or spiritual gain in suffering. He habitually employs a 'focaliser' to tell the tale from a near-death perspective and in consequence distances the author from events. His literary background is prominent within the tales, where he occasionally alludes to earlier Russian authors and their works to indicate the recurring nature of Man's fallibility against the Gulag background. His characters are often simply portrayed yet representative of flawed heroes and the baseness of human beings subjected to an existence in extremis. His settings are minimal, yet form a major part of his message: Man is compared to nature, but nature is powerful and able to regenerate itself, whereas Man's existence is temporary and futile. This book therefore, shows that the Formalist approach is indeed still valid as a literary tool of analysis as well as showing that upon the 50th year of Stalin's death, Varlam Shalamov's time has arrived.

Now in its first complete English translation, this masterpiece chronicles life in a Soviet gulag, based on the author's own years in a USSR prison camp. Kolyma Stories is a masterpiece of twentieth-century literature, an epic array of short fictional tales reflecting the fifteen years that Varlam Shalamov spent in the Soviet Gulag. This is the first of two volumes (the second to appear in 2019) that together will constitute the first complete English translation of Shalamov's stories and the only one to be based on the authorized Russian text. Shalamov spent six years as a slave in the gold mines of Kolyma before finding a less intolerable life as a paramedic in the prison camps. He began writing his account of life in Kolyma after Stalin's death in 1953. His stories are at once the biography of a rare survivor, a historical record of the Gulag, and a literary work of unparalleled creative power,

insight, and conviction.

The astonishing follow-up to 2018's *Kolyma Stories*. In 1936, Varlam Shalamov, a journalist and writer, was arrested for counterrevolutionary activities and sent to the Soviet Gulag. He survived fifteen years in the prison camps and returned from the Far North to write one of the masterpieces of twentieth-century literature, an epic array of short fictional tales reflecting the years he spent in the Gulag. *Sketches of the Criminal World* is the second of two volumes (the first, *Kolyma Stories*, was published by NYRB Classics in 2018) that together constitute the first complete English translation of Shalamov's stories and the only one to be based on the authorized Russian text. In this second volume, Shalamov sets out to answer the fundamental moral questions that plagued him in the camps where he encountered firsthand the criminal world as a real place, far more evil than Dostoyevsky's underground: "How does someone stop being human?" and "How are criminals made?" By 1972, when he was writing his last stories, the camps were being demolished, the guard towers and barracks razed. "Did we exist?" Shalamov asks, then answers without hesitation, "I reply, 'We did.'"

Narrated in the first person, this short story is one episode in the life of a Russian labour-camp inmate. Written by Varlam Shalamov after his own experiences at a gulag, it describes the apathy of prisoners as they steadily approach death, the assuredness of betrayal and duplicity, and the constant craving for material satisfaction to lessen the empty, scorched feeling inside. When an old acquaintance lays out an escape plan, that satisfaction is offered

in the form of condensed milk: a sweet, delicious extravagance - a small element of joy in the midst of impending death.

Based mainly on the experiences of ex-prisoners in north-eastern Siberia, 1932-54.

A collection of short stories based on Shalamov's experiences during, and survival of, seventeen years in the Soviet Union's forced-labor camps of Kolyma

The book offers an account of the two most famous authors of the Gulag: Varlam Shalamov and Alexandr Solzhenitsyn.
