Starting in 1981 via Minor Threat's revolutionary call to arms, the clean and positive straight edge hardcore punk movement took hold and prospered during the 1980s, earning a position as one of the most durable yet chronically misunderstood music subcultures. Straight edge created its own sound and visual style, went on to embrace vegetarianism, and later saw the rise of a militant fringe. As the "don't drink, don't smoke" message spread from Washington, D.C., to Boston, California, New York City, and, eventually, the world, adherents struggled to define the fundamental ideals and limits of what may be the ultimate youth movement. Tony Rettman traces the story of straight edge from adolescent origins to enduring counterculture via fresh first-hand accounts from the clear and alert members of Minor Threat, SS Decontrol, Youth of Today, DYS, Slapshot, Uniform Choice, 7 Seconds, Stalag 13, Justice League, Chain of Strength, No for an Answer, Instead, Gorilla Biscuits, Judge, Bold, Projec

This study examines France's determination to remain aloof and unaffected as the world economy threatens the French way of doing business. Describing the difficulty in initiating change in French organizations, the author tells of the obstacles he encountered in attempting to modernize the working practices of a Paris firm. His observations are based upon customs and habits peculiar to the French, yet they apply equally to all foreign cultures. Management methods, attitudes to the outside world, and the historic roots of the French mentality are viewed and explained anecdotally, based on the author's experience of living and working in France, and are accompanied by humorous illustrations.
