Labour law, the varied body of law applied to such matters as employment, remuneration, conditions of work, trade unions, and industrial relations. In its most comprehensive sense, the term includes social security and disability insurance as well. Unlike the laws of contract, tort, or property, the elements of labour law are somewhat less homogeneous than the rules governing a particular legal relationship.

~~labor law | Definition, History, Elements, & Facts ...~~

Labour law (also known as labor law or employment law) mediates the relationship between workers, employing entities, trade unions and the government. Collective labour law relates to the tripartite relationship between employee,
