Read Download Lathework A Complete Course Workshop ...
Lathework-a COMPLETE course is a misnomer. The author claims his books are for novices, then barely mentions some subjects. One example, "Fly Cutting" gets part of 1 sentence... no setup information, no techniques, no approaches, no cutter types, no cut depths, no speeds, no NOTHING. Hardly sufficient detail for a novice who likely doesn't even know what a fly cutter is. This is one of 3 books ...
