## ~~ConStruCtion~~

This light gauge steel frame is developed through a cold-formed process without the use of heat. This process enables steel manufacturers to produce lightweight but high tensile steel sheets. The sheet surface is

# Download File PDF Light Gauge Steel Manual

coated with a zinc alloy that completely covers the steel surface and seals it from the corrosive action of its environment.

~~Chapter 9 STRUCTURAL CONCEPT  
FOR LIGHT GAUGE STEEL FRAME~~

# Download File PDF Light Gauge Steel Manual

Light gauge steel frame elements are manufactured, based on ASTM standard A1003, from structural steel sheet that formed into strong C or Z or S shapes which are able to support heavy loads. The light gauge steel is also

# Download File PDF Light Gauge Steel Manual

called cold formed steel which comes from the process by which steel members are formed.
