Based on scores of interviews with the artist's relatives, friends, lovers, producers, accompanists, managers, and fans, this brilliant biography reveals a man of many layers and contradictions. Following the journey of a musician who left his family's poor cotton farm at age eight carrying only a guitar, the book chronicles his life on the open road playing blues music and doing odd jobs. It debunks the myths surrounding his meetings with Blind Lemon Jefferson and Texas Alexander, his time on a chain gang, his relationships with women, and his lifelong appetite for gambling and drinking. This volume also discusses his hard-to-read personality; whether playing for black audiences in Houston's Third Ward, for white crowds at the Matrix in San Francisco, or in the concert halls of Europe, Sam Hopkins was a musician who poured out his feelings in his songs and knew how to endear himself to his audience--yet it was hard to tell if he was truly sincere, and he appeared to trust no one. Finally, this book moves beyond exploring his personal life and details his entire musical career, from his first recording session in 1946--when he was dubbed 'Lightnin'--to his appearance on the national charts and his rediscovery by Mack McCormick and Sam Charters in 1959, when his popularity had begun to wane and a second career emerged, playing to white audiences rather than black ones. Overall, this narrative tells the story of an important blues musician who became immensely successful by singing with a searing emotive power about his country roots and the injustices that informed the civil rights era.

(Guitar). This book for intermediate-level guitarists is a follow-up to Kenny's Introduction to Acoustic Blues . It covers blues in five different keys and positions, and incorporates slide or bottleneck playing in both open and standard tunings. All songs are primarily fingerstyle with a monotone bass used for most. The accompanying 70-minute CD features performances of every example and song, played slowly then up to speed to facilitate learning.

In a career that took him from the cotton fields of East Texas to the concert stage at Carnegie Hall and beyond, Lightnin' Hopkins became one of America's greatest bluesmen, renowned for songs whose topics effortlessly ranged from his African American roots to space exploration, the Vietnam War, and lesbianism, performed in a unique, eccentric, and spontaneous style of guitar playing that inspired a whole generation of rock guitarists. Hopkins's music directly and indirectly influenced an amazing range of artists, including Jimi

Hendrix, Stevie Ray Vaughan, Miles Davis, John Coltrane, Tom Waits, and Bob Dylan, as well as bands such as the Grateful Dead, Jefferson Airplane, and ZZ Top, with whom Hopkins performed. *Mojo Hand* follows Lightnin' Hopkins's life and music from the acoustic country blues that he began performing in childhood, through the rise of 1950s rock 'n' roll, which nearly derailed his career, to his reinvention and international success as a pioneer of electric folk blues from the 1960s to the 1980s. The authors draw on 130 vivid oral histories, as well as extensive archival and secondary sources, to provide the fullest account available of the development of Hopkins's music; his idiosyncratic business practices, such as shunning professional bookers, managers, and publicists; and his durable and indelible influence on modern roots, blues, rock 'n' roll, singer-songwriter, and folk music. *Mojo Hand* celebrates the spirit and style, intelligence and wit, and confounding musical mystique of a bluesman who shaped modern American music like no one else.

This comprehensive text covers the spectrum of fingerpicking technique and styles. Performance and stylistic notes, fingerstyle guitar solos and a listening guide are presented for each section of the book. Sections include: Folk Songs; Gospel Songs; Country Blues; RagtimeBlues; Rags and Dances; Appalachian Fiddle Tunes; Celtic Airs; Jigs and Reels; Classic Rags; Fingerstyle Jazz Guitar & Fingerstyle Guitar Duets. All solos are in notation and tablature and are written by noted fingerpicking guitarists Stefan Grossman, Elizabeth Cotten, DeanSires, Ton VanBergeyk, David Laibman, Rev. Gary Davis, Duck Baker, Seth Austen, Steve Tilston, John Morris, Sid Percy, Tom O'Farrell, JimMcLennan, Leo Wijnkamp Jr., Lasse Johansson and Claes Palmqvist.

"A guide for the first time builder. The definitive work on the design and construction of a solid body electric guitar." --back cover.

This comprehensive book has 260 pages and over 50 fingerpicking guitar solos in notation and tablature in country blues, Delta blues, ragtime blues, Texas blues and bottleneck styles. An extremely comprehensive blues solo collection. Includes access to online audio
