Buzzell unearths America's bones in all their beauty and starkness. And like the veterans of Hemingway's Lost Generation, he struggles to reconcile his wanderlust with his responsibilities as a man and a father. *Lost in America* is a stunning account of the ravages of war on one individual. It also reveals deep truths about a more universal journey: the struggle to find our place in the world—without a map.

*Lost in America: A Dead-End Journey* is Colby Buzzell's response to his publishers' pitch to update an American classic. Instructed to retrace Kerouac's footsteps and paint a contemporary portrait of America and to write a love letter to Kerouac, Buzzell wholeheartedly agrees and immediately cashes the advance check.

The last third of *Lost in America*--chronologically the era of World War II, the Nazi atrocities, and after--concern Nuland's maturation and his path toward the profession of medicine. "*Lost in America*" is Nuland's attempt to secure an understanding of his immigrant father, rather than the escape he long sought as a young man. With unflinching realism, honest assessments, and just enough humor to balance the text, Nuland movingly portrays his love/hate relationship with his father as he grows up in a Jewish section of the Bronx through his father's solitary death after Nuland has become a physician.
