Lumberjanes #1 was an enticing start to what looks like might be a fun story about some rebellious girls who are away at summer camp. It mixes a bit of supernatural mystery with adventure and brave chicks. Unfortunately, it was a bit

Lumberjanes: Up All Night (Lumberjanes, #1) by Noelle ... This book combines the first eight issues of Lumberjanes in one volume. The cover is thick and bright white with dark green embossed (well, debossed) lettering and graphics. Very thick boards for the cover...very well done.

Lumberjanes Series by Noelle
Stevenson - Goodreads

This volume is only the first half
of the overarching mystery of the
first eight issues, but it still feels
like a complete story, comic-wise.
It introduces the characters and
the world, the mystery they want
to solve, and it ends on a
cliffhanger. Do I wish all 8 issues
were in here, so people could
have a better chance of catching
up?
