~~From the Vegas Strip to Wall Street boardrooms and Federal courts, modern corporate titans collide in this explosive true story of how private equity firm Apollo Global Management's thirty-billion-dollar buyout of Caesars Entertainment turned into unprecedented bankruptcy of the gaming empire. In the bestselling tradition of Michael Lewis's The Big Short and Ben Mezrich ' s Bringing Down the House, journalists Max Frumes and Sujeet Indap deliver a page-turning account of the spectacular 2015 bankruptcy of America ' s biggest gaming empire, Caesars Entertainment. Backdropping this thrilleresque narrative are the jokers, kings, and called bluffs at the center of the modern distressed-debt-investing world. Distressed-debt investing, dubbed " vulture investing " in its infancy, is the buying of debt of struggling corporations, institutions, and even cities or countries—and making a windfall profit on a turnaround. In covering the extraordinary Caesars case, The Caesars Palace Coup presents a riches-to-rags adventure unlike any other as it appraises the battling billionaires who held the cards in 2008's leveraged buyout. This wild coup ' s scope spans courtrooms, levels of government, academic halls, and ultimately involves an entire corrupt system of liar ' s poker. Readers will discover just how rivetingly sophisticated—and underhanded—the high-stakes finance battleground has become. Authors Frumes and Indap, experienced business journalists, illuminate the major players and businesspeople at the tipping points of almost every major vulture ' s turnaround in recent history. The Caesars Palace Coup reveals the cut-throat, multilevel competition enacted by powerful investors used to getting their own way. And goes one step further to consider the devastating, true impact of the upheaval wrought by their actions. It ' s a treacherous game. Roll the dice.~~

~~The social sciences have been heavily influenced by modernization theory, focusing on issues of economic growth, political development and social change, in order to develop a predictive model of linear progress for developing countries following a Western prototype. Under this hegemonic paradigm of development the world tends to get divided into simplistic binary oppositions between the ' West ' and the ' rest ' , ' us ' and ' them ' and ' self ' and ' other ' . Proposing to shift the discussion on what constitutes the ' Other ' as opposed to the ' Self ' from philosophy and cultural studies to the social sciences, this book explores how the structural asymmetries existing between Western discourses and the realities of the non-Western world manifest themselves in the idea of institutions and socio-political practices of India and China, and in how far they shape the social scientist ' s understanding of their discipline in general. It provides a counter-narrative by revealing the relativity of geographies, and by showing that the conventional presentation of core elements of the Asian socio-political set-up as ' aberrations ' from the Western models fails to acknowledge their inherent strategic character of adapting Western concepts to meet local requirements. Drawing on multiple disciplines, concepts and contexts in India and China, the book makes a valuable contribution to the theory and practice of politics, as well as to International and Asian Studies.~~

~~A daimyo of the Neon Court is dead and all fingers point towards their ancient enemy - The Tribe. And when magicians go to war, everyone loses. But Matthew Swift has his own concerns. He has been summoned abruptly, body and soul, to a burning tower and to the dead body of Oda, warrior of The Order and known associate of Swift. There's a hole in her heart and the symbol of the Midnight Mayor drawn in her own blood. Except, she is still walking and talking and has a nasty habit of saying 'we' when she means 'I.' Now, Swift faces the longest night of his life. Lady Neon herself is coming to London and the Tribe is ready to fight. Strange things stalk this night: a rumored 'chosen one,' a monster that burns out the eyes of its enemies, and a walking dead woman. Swift must stop a war, protect his city, and save his friend - if she'll stop trying to kill him long enough for him to try.~~

~~Sarah Crowe left Atlanta—and the remnants of a tumultuous relationship—to live in an old house in rural Rhode Island. Within its walls she discovers an unfinished manuscript written by the house ' s former tenant—an anthropologist obsessed with the ancient oak growing on a desolate corner of the property. Tied to local legends of supernatural magic, as well as documented accidents and murders, the gnarled tree takes root in Sarah ' s imagination, prompting her to write her own account of its unsavory history. And as the oak continues to possess her dreams and nearly almost all her waking thoughts, Sarah risks her health and her sanity to unearth a revelation planted centuries ago...~~
