## Paper

### TAGGING METHODS FOR STOCK ASSESSMENT AND RESEARCH IN FISHERIES

As the title suggests, this manual provides an update on FAD gear technology, designs and deployment methods for the Pacific Islands region. The SPC 2005 FAD manual contains important and relevant technical information for FAD practitioners.

### Manual on anchored fish aggregating devices

This manual was developed based on material presented during several stock assessment training courses sponsored by the Atlantic States Marine Fisheries Commission, and supplemented by class lecture notes of Dr. Joseph T. DeAlteris, Professor of Fisheries and Aquaculture, University of Rhode Island.
