The Fifth-Century Political Battles That
Forever Changed the Church In this

Where To Download Medical Sociology Erham 8th Edition

fascinating account of the surprisingly violent fifth-century church, Philip Jenkins describes how political maneuvers by a handful of powerful characters shaped Christian doctrine. Were it not for these battles, today's church could be teaching something very different about the nature of Jesus, and the papacy as we know it would never have come into existence. Jesus Wars reveals the profound implications of what amounts to an accident of history: that one faction of Roman emperors and militia-wielding bishops defeated another.

Professor Wells argues that there was no historical Jesus, and in thus arguing he deals with the many recent writers who have interpreted the historical Jesus as some kind of political figure in the struggle against Rome, and calls in evidence the many contemporary theologians who agree with some of his arguments about early Christianity. The question at issue is what all the evidence adds up to. Does it establish that Jesus did or did not exist? Professor Wells concludes that the latter is the more likely hypothesis. This challenge to received thinking by both Christians and non-

Christians is supported by much documentary evidence, and Professor Wells carefully examines all the relevant problems and answers all the relevant questions. He deliberately avoids polemic and speculation, and sticks so far as possible to the known facts and to rational inferences from the facts.

Written by a team of sociologists, this text introduces readers to social psychology by focusing on the contributions of sociology to the field of social psychology. The authors believe sociology provides a unique and

indispensable vision of the social-psychological world in the theoretical perspectives that sociologists employ when studying human interactions and in the methodological techniques they utilize. Within the pedagogically rich chapters, topics are examined from the perspectives of symbolic interactionism, social structure and personality, and group processes.
