Meeting the Challenge of Adolescent Literacy: Practical ...  
Challenges of Adolescence. While the definition of adolescent can differ from culture to culture, it is generally accepted that the time referred to as adolescence is the period between childhood and adulthood, a sort of 'no man's land'. Geldard and Geldard (2006) explain that adolescence is a time in a young person's life where they move from dependency on their parents to independence, autonomy and maturity.

Challenges of Adolescence - Counselling Connection  
11 September 2020, London. This conference is intended for a range of clinicians including child and adolescent mental health and paediatrics. Delegates will learn strategies to facilitate engagement and reflect on how to design services with patients at the centre. The event will look at the current evidence base, service design & care pathways, working across disciplines with schools and case examples.
