Covers the functions of federal, state, and local government This program introduces students to the intricacies of the federal, state, and local governments, and their rights and responsibilities as U.S. citizens. The single-concept approach makes content accessible for all students as they make the important connection between the relevance of American government and their own lives, and learn how to become responsible citizens of the 21st century. The manageable content and support helps students successfully meet curriculum requirements. Lexile Level 800 Reading Level 3-4 Interest Level 6-12

This volume focuses on selected innovative programs designed to augment the science, engineering, engineering and mathematics (STEM) workforce through increasing and enhancing the participation of under-represented groups. The programs span the STEM career pathway—primary, secondary, and tertiary education—and professional development and socialization—in the United States, South Africa, and New Zealand. Similarities as well as differences between and among programs across nations will be systematically analyzed for lessons learned. The conceptualization for this volume developed over the past several years during various international conferences—starting in Havana, Cuba in 2006, and continuing at

Protocols for Professional Learning is your guide to helping PLCs successfully explore any topic. You'll find step-by-step instructions for implementing 16 different protocols that can be used to examine student work or professional practice, address problems with students or among faculty, and facilitate effective discussions. About the PLC series: Welcome to an adventure! If you are a teacher who is interested in developing a professional learning community to develop your classroom repertoire and increase your students' achievement and motivation, you are in for a treat. A professional learning community (PLC) is a small group of teachers or administrators that meets regularly and works between meetings to accomplish shared goals. PLCs are vehicles for connecting teacher practice and student outcomes, improving both.
