The Command Companion of Seamanship Techniques is the latest work from the well-respected marine author, D J House. It contains all the information needed for command posts at sea - All aspects of shipboard management are discussed, with special emphasis placed on health and safety. - Guidelines on how to respond to accidents and emergencies at sea - Contains the most recent SOLAS revisions and a discussion of marine law to keep you up to date with the latest rules and regulations. In order to aid learning, the book includes a number of worked examples in the text along with questions and answers at the end of chapters. The author tells you how to respond to accidents and emergencies at sea, in the event, for example of cargo contamination, collision, loss of stability due to cargo shift and damage due to flooding, fire plus loss of life/crew. In addition, the SOLAS revisions and a discussion of marine law is included to keep you up to date with all the latest rules and regulations. In order to aid learning, this book will include a number of worked examples in the text along with questions and answers at the end of chapters. D J House is senior lecturer in Nautical studies at the Nautical college, Fleetwood. His sea-going experience includes general cargo, reefer, bulk cargo, passenger and liner trades, underwater operations, and roll-on/roll-off ferries. He is a well-known marine author and has written Seamanship Techniques Volumes 1 and 2 (combined) and he has revised Cargo Work in the Kemp & Young series.

Anesthesiologists Manual of Surgical Procedures, 5e is your top-to-bottom guide to anesthetic technique, containing everything you need to know for effective perioperative management of patients. With so many moving variables before, during, and after surgery, it's crucial to understand the best practices for successful anesthetic care. This instructive text accounts for each variable immaculately, presenting all anesthetic considerations in a clear, templated format, detailing each treatment option then refining and summarizing all courses of action in easy-to-read tables. If you're an anesthesiologist, anesthesia resident, or CRNA, this new Fifth Edition will guide you through all operative scenarios and ensure the highest standards of anesthetic practice. Features: Full color illustrations and photographs Each procedure covered from both the surgeon and anesthesiologist's perspectives Summary tables distill each procedure for easy review Electronic version includes links to procedures Now with the print edition, enjoy the bundled interactive eBook edition, offering tablet, smartphone, or online access to: Complete content with enhanced navigation A powerful search that pulls results from content in the book, your notes, and even the web Cross-linked pages, references, and more for easy navigation Highlighting tool for easier reference of key content throughout the text Ability to take and share notes with friends and colleagues Quick reference tabbing to save your favorite content for future use

The complete study and revision guide for the International Standards of Training, Certification and Watchkeeping (STCW). For all ranks and serving crew in the mercantile marine, this study pack covers everything students need to revise when preparing for the oral assessment taken as part of the Deck Certificate of Competency at either junior or senior levels. Since publication of the first edition, there have been many new innovations throughout the industry. This guide is fully updated to reflect these changes and includes practice questions on International Safety Management (ISM), Electronic Chart Display and Information Systems (ECDIS) and the International Code for the Security of Ships and Port Facilities (ISPS), as well as hundreds of additional tutorial questions throughout the book and the accompanying interactive CD. This edition of The Seamanship Examiner has been fully updated with the latest amendments to the COLREGs and is a trusted study aid for all international STCW Deck Officer candidates including Officer of the Watch, Chief Mate and Master positions, plus those working coastal and inland waters in the fishing industry such as Deck Officers.
