"More Than Dead" is a thoughtful novel involving the investigation of two crimes. The central figure is an investigator, Luke Hudson, who has transferred from a large city to a smaller northern California community. He carries some baggage with him (injury to leg and divorce due to commitment to work, and not relationship).

DO ALL THINGS WICKED BEGIN WITH INNOCENCE? Veteran homicide detective Luke Hudson leaves the LAPD for a small town police department in Northern California, only to encounter two of the most challenging and convoluted cases of his career. First, he is called to investigate the death of a horse trainer at the local racetrack. What appears to be an accident, leads to drugs, corruption in high places, and possibly murder. Hudson fights to keep the case open, but it is closed despite his efforts. To further bury the investigation, Hudson is transferred to the sheriff's office, where he is assigned an impetuous rookie partner, Jessica Harte. The two form an immediate bond, both on and off duty, as they delve into a troubling cold case. In their search for an abused girl gone missing eleven years ago, they find more than one abducted child. When Hudson uncovers new evidence in both cases, trails gone cold turn red hot. Ride along for an adventure that will keep you captivated from the starting gate to the finish line, by award winning writer S Resler Nelson.

Suspense, deception, and survival on safari . . . Detective Luke Hudson takes a month's leave from law enforcement in Northern California and plans to visit his brother in Prescott, Arizona. Instead, he makes a career choice that almost gets him killed-twice. In his first week off, he is confronted by a woman who wants a secret bodyguard for her sister, Lis Golden, during a two-week photo safari in Kenya. He only has to safeguard Lis from her husband, the safari leader. Hudson presumes the sister is overreacting because she dislikes and distrusts her brother-in-law. This assignment implies a well-paid vacation. But he's dead wrong. Bodyguard Luke Hudson soon discovers that Dan Golden operates his safaris outside park guidelines with reckless abandon. Before long, Lis becomes difficult to protect, and he has more than one body to guard. Life-threatening "accidents" happen and someone goes missing. Spiraling into a treacherous journey, Hudson tries to separate predator from prey among the safari group. Far from relaxing, the tour morphs into an African nightmare whirling out of control. S. Resler Nelson has led several safaris and traveled in seven African countries, including Kenya, which adds authenticity to this unique mystery. "Terrific mystery" ..".different than your average crime book."

"Plan to stay up late, because you won't put this mystery down." At a party in Arizona, Sheriff Hudson meets TV actress Cristine Grey. While she's lovely and exciting, she spells trouble. She claims she's being stalked and then disappears on his watch. He is the last person to see her and could become a person of interest. Hudson has too many questions and not enough answers as he scrambles to find her. Even with the expertise of his new female deputy, a former FBI agent, unraveling Cristine's abduction is a disturbing challenge. When a second person closer to Hudson is kidnapped, the crimes become personal . . . The popular Luke Hudson series (More Than Dead, More Than Gone, and More Than Bad) is rated 4.5 to 5 stars on Amazon and Kindle.

WHO SHOT THE SHERIFF? When an Arizona sheriff is found with a bullet through his chest, the local authorities conclude the sheriff accidentally shot himself. But the dead sheriff's longtime friend, Sheriff Roger Gates, in Bidwell, California, is skeptical. Gates urges his former detective sergeant, Luke Hudson, to apply for the interim sheriff position and uncover the truth. Is the sheriff's death an accident, suicide, or murder? And why did two deputies and the office assistant resign after the sheriff died? More puzzling, an overdosed teenage girl was discarded in a snow bank around the same time. Are the two fatalities related? Hudson takes on the challenge and becomes the newly-appointed sheriff. He assumes solving the two cases won't be that complicated. After all, Sterling County is small by Arizona standards, largely comprised of tranquil ranching communities. But he's dead wrong. Attempting to hinder his investigations, an assailant targets Hudson and his deputies. Even his new hire, Nicole Moore, is caught in the crosshairs. Hudson realizes he doesn't have the answers . . . and time is running out. In the crisp, straight-forward style of Robert B. Parker and Robert Dugoni, S. Resler Nelson's well-crafted mystery will keep you spellbound from the first page to the last. MORE THAN BAD is the third book in the Luke Hudson Mystery series, by award-winning author S. Resler Nelson. Her books are stand-alones and rated highly on Amazon-4 to 5 stars in readers' reviews.

Here is the story of the 2005 Washington Nationals. Told from a fan's perspective, the narrative begins inside RFK on opening day, expressing the simple pleasures of baseball that 34 years couldn't erase. As the team took one series after another, baseball fans quickly forgot that many on the roster had ever played to empty seats in Montreal. Descriptive prose covers each game, from the crack of Brad Wilkerson's bat to Livan Hernandez's eight-inning outings.

With his harrowing debut, Luke Mogelson provides an unsentimental, unflinching glimpse into the lives of those forever changed by war. Subtle links between these ten powerful stories magnify the consequences of combat for both soldiers and civilians, as the violence experienced abroad echoes through their lives in America. Troubled veterans first introduced as criminals in "To the Lake" and "Visitors" are shown later in "New Guidance" and "Kids," during the deployments that shaped their futures. A seemingly minor soldier in "New Guidance" becomes the protagonist of "A Human Cry," where his alienation from society leads to a shocking confrontation. The fate of a hapless Gulf War veteran who reenlists in "Sea Bass" is revealed in "Peacetime," the story of a New York City medic's struggle with his inurement to calamity. A shady contractor job gone wrong in "A Beautiful Country" is a news item for a reporter in "Total Solar," as he navigates the surreal world of occupied Kabul. Shifting in time and narrative perspective—from the home front to active combat, between experienced leaders, flawed infantrymen, a mother, a child, an Afghan-American translator, and a foreign correspondent--these stories offer a multifaceted examination of the unexpected costs of war. Here is an evocative, deep work that charts the legacy of an unprecedented conflict, and the burdens of those it touched. Written with remarkable empathy and elegance, *These Heroic, Happy Dead* heralds the arrival of an extraordinary new talent.
