White, R. W. (1959). Motivation Reconsidered: The Concept -

Motivation concepts Intrinsic and extrinsic motivation Intrinsic motivation refers to motivation that is driven by an interest or enjoyment in the task itself, and exists within the individual rather than relying on any external pressure. Intrinsic motivation has been studied by social and educational psychologists since the early 1970s.

What is Motivation? What are the Concepts of Motivation?

motivation reconsidered the concept of competence theories of motivation built upon primary drives cannot account for playful and exploratory behavior the new motivational concept of competence is introduced indicating the biological significance of such behavior it furthers the learning process of effective interaction with the environment

20+ Motivation Reconsidered The Concept Of Competence [EBOOK]

It has been noted that a psychologist's main debate is whether motivation is primary or secondary influence on behaviour. For example, can one explain changes in behaviour to the principle of environmental or ecological influences, believes, perception, emotion among others or are concepts exclusive to motivation more relevant (Shih, 2010).

The Concept Of Motivation And Its Practiees

Think about the seminal work of R.W. White of 1959, Motivation Reconsidered: the Concept of Competence in the Psychological Review, cited 5515 times (Publish or Perish), or The Core Competence of the Organisation of 2006 by C.K. Prahalad and G. Hamel, cited even 17929 times.

Competence Theory and Research - WJUR

Motivation has as many faces as there are human desires. The simplest definition of motivation boils down to wanting (Baumeister, 2016). We want a change in behavior, thoughts, feelings, self-concept, environment, and relationships. People often say that motivation doesn ' t last. Well, neither does bathing – that ' s why we recommend it daily.

What is Motivation? A Psychologist Explains -

in conjunction with a most useful and meaningful theory, as proposed by Robert W. White, first mentioned in his Lives in progress (1952) and more clearly defined in his article, "Motivation reconsidered: The concept of com-petence" (1959). Competence. White's major theoretical concept (his word is "conceptualization "), rises from his conviction that
