"Whether left, right, liberal, conservative or independent what actually rules the United States of America? If impaired find the four letter word in the dictionary that controls everything." Imagine that you are employed by your insurer. Imagine that your employer is the biggest insurance provider in the country. Now imagine what might happen if you were seriously injured, even disabled, during your time of employment, and your dual employer/insurer wanted to get rid of you as a "liability." Welcome to the world of Jeffery Alan Williamson, who dealt with an intracranial hemorrhage, ongoing seizures, a stroke, a craniotomy, comas, rehabilitation, and reoccurring seizures and impairments over a ten-year period of time. Throughout that time, his employer/insurer, the American National Insurance Company, behaved in ways so unethically that Williamson was compelled to represent himself pro se in a disability discrimination lawsuit against them for their illegal and unjust actions against him during and after his time as an employee with the company. Representing himself in civil and federal court despite what he suffered is Williamson's motivation for writing this book. He hopes to motivate society and to help readers realize just how capable they are.
