Turn of Mind lives, instilling lessons about gender, power, bodies, and their place in the world both in and outside of dance. In *Turning Pointe*, journalist Chloe Angyal captures the intense love for ballet that so many dancers feel, while also grappling with its devastating shortcomings: the power imbalance of an art form performed mostly by women, but dominated by men; the impossible standards of beauty and thinness; and the racism that keeps so many people of color out of ballet. As the rigid traditions of ballet grow increasingly out of step with the modern world, a new generation of dancers is confronting these issues head on, in the studio and on stage. For ballet to survive the twenty-first century and forge a path into a more socially just future, this reckoning is essential.

With a big competition coming up for the dance team, Harper is determined to show everyone—especially those Bunheads—what she's made of.
