career exploration, and soft-skills development to help students prepare for careers with network security responsibilities. CCNA Security includes a comprehensive set of hands-on, online laboratories. To complement these, many students and instructors have requested a printed resource that can be used to study in places where Internet access may not be available. CCNA Security Lab Portfolio is that resource. Drawn directly from the online curriculum, it covers every lab presented in this course, addressing all these areas of network security: " Modern network security threats " Securing network devices " Authentication, authorization and accounting " Implementing firewall technologies " Implementing intrusion prevention " Securing LANs " Cryptography " Implementing VPNs " Putting it all together CCNA Security Lab Portfolio gives students new flexibility to study these

set prices . . . • How to make the most income per hour of work . . .
• How to keep a simple schedule and much more . . . • Tells you
everything you need to know . . . When done on a part-time basis,
there are no tight schedules. Grass can be cut at your own
convenience, without interfering with other activities. Grass grows
and work is available during three seasons of the year. There is
practically no investment if you already have a mower. Expected
earnings can be three to four times higher than the minimum wage
rate of pay, sometimes much more.
