Australians is an example of the paradox

researchers across

palaeoanthropology are constantly

confronted by – the use of small

amounts of data to explain wide ranging theories.

Webb mentions this problem in his

# Read PDF Palaeopathology Of

introduction and returns to it in more depth later in the book (Chapter 12), but this doesn't stop him from extrapolating what are essentially regionally specific data to the continent as a whole.

Aboriginal health is majorly determined by several social factors that are related to their cultural beliefs.

Health

professionals

regularly find it

difficult to provide

# Read PDF Palaeopathology Of

health care to aboriginal people due to the cultural disparity that exists between the conventional and aboriginal cultures, predominantly with regard to systems of health belief (Carson, Dunbar, & Chenhall, 2007).
