construction, it is apparent that literacy skills may evolve naturally during play for young children. Prior to the mid 1900s, the common view was that play should be something that must be experienced outside of school walls (Hall, 1991, p.3). In 1987, Hall noted that teachers were teaching literacy in a very controlled manner.

Developing Literacy Through Play
Technology can play a role in supporting early communication, language and literacy. It can offer new learning opportunities, through ebooks, apps, and even video calling. We strongly advise that, just like a book, technology is used as a tool for learning and play, rather than as a
