PostCapitalism: A Guide to Our Future is a 2015 book by British journalist and writer Paul Mason. In the book, Mason discusses the existential threat posed to capitalism by the digital revolution. He argues that the digital revolution has the potential to reshape utterly our familiar notions of work, production and value; and to destroy an economy based on markets and private ownership.

striking visualization of a possible exit from the disasters of our current capitalist world system to something else: a more life-affirming, empathetic, creativity-fostering and fun world of cooperative progress. But before we get there, we need to manage a couple of problems that capitalism has created for us which present, as the title to Mason's penultimate chapter suggests, a rational case for panic.
