Proceedings of the Chinese Academy of Medical Sciences and ...

We document a rapid increase in income inequality in China's recent past, capitalizing on newly available survey data collected by several Chinese university survey organizations. By now, China's income inequality not only surpasses that of the United States by a large margin but also ranks among the highest in the world, especially in comparison with countries with comparable or higher ...

Income inequality in today's China | PNAS

Exceedingly high levels of fine particulate matter (PM) occur frequently in China, but the mechanism of severe haze formation remains unclear. From atmospheric measurements in two Chinese megacities and laboratory experiments, we show that the oxidation of SO₂ by NO₂ occurs efficiently in aqueous media under two polluted conditions: first, during the formation of the 1952 London Fog via in ...

Using a panel dataset of Chinese listed firms during the 1990-2010 periods, this paper investigates whether environmental regulations induce firms to develop innovation in environmentally friendly technologies. Environmental regulation chosen in this paper is Cleaner Production Audit (CPA) programs implemented in China. Using a difference-in-difference (DID) method, our findings suggest that ...
