This is a digital project management book for anyone who thinks they might want to get started in a career as a digital project manager (DPM). The book covers what being a digital project manager is all about; what digital project management is, why I love it and what DPMs actually do all day. The book explores what makes a great digital project manager and explores where you can begin and what steps you can take to start your career as a DPM.

Project Management Books: 20 Best Books for Project Managers

All too often, a project manager will learn new skills in a workshop but lack the organizational support to apply these skills on-the-job. As a result, the organizational investment in project management fails to improve the organization's competency in project management. This paper examines how organizations can help their project personnel develop their project competencies.
