Promise Land: My Journey Through America's Self Help Culture by Jessica Lamb, offers the reader an honest perspective of the self-help industry, its pros and cons. A personal story is also interwoven of a family tragedy (death of mother) that both father and daughter have never really come to terms with and resolved, until now.

Brendan's journey to the Promised Land continued to be watched over by God, who would assist the Irish monks in many ways. For instance, by sending them a big bird that flew over their boat carrying in its beak a branch of an unknown tree from which was hanging a bunch of exceptionally red and ripe grapes.

**In Search of the Promised Land: Saint Brendan's Voyage**  
God saved his people just like he promised and he led them to the "Promised land" just like he promised. The journey was long... 40 years long. Some scholars believe that the total time had the not "dilly dallyed" would have only taken them 14 days. Imagine that! They complained and fussed and lost FAITH.

Promise Land is a tender, witty, and wise account of a young woman's journey through her own psyche toward the most difficult stage of grown-up emotional life: acceptance.

**Promise Land: My Journey through America's Self-Help ...**  
Lamb-Shapiro's inherent ambivalence is at the heart of Promise Land: My Journey through America's Self-Help Culture, in which the author immerses herself in the world of seminars, mantras, and self-improvement, all the while exploring the nation's enduring fascination with perfection. By turns funny and sad, the book is, ultimately, a deeply personal story—and a really good read.

**Unexpected Bride In The Promised Land My Journey Through ...**  
Promised Land Journey™ is a bible game board in which players follow the journey of the Israelites to the Promised Land. Players draw Commandment based cards of Sin, which moves them back, Righteousness, which moves them forward, Uncleanliness, which allows them to purify and Mercy, which redeems them from the penalty of sin.

**Raised by a child psychologist who was himself the author of numerous self-help books, as an adult Jessica Lamb-Shapiro found herself both repelled and fascinated by the industry: did all of these books, tapes, weekend seminars, groups, posters, t-shirts and trinkets really help anybody? Why do some people swear by the power of positive thinking, while others dismiss it as so many empty promises? Promise Land is an irreverent tour through the vast and strange reaches of the world of self-help. In the name of research, Jessica—a self-admitted nervous wreck at the best of times—attempted to cure herself of phobias, followed The Rules to meet and date men, walked on hot coals, and even attended a self-help seminar for writers of self-help books. But the more she delved into the history and practice of self-help, the more she realized her interest was much more than academic. Forced into a confrontation with the silent grief that had haunted both her and her father since her mother's death when she was a baby, she realized that sometimes thinking you know everything about a subject is a way of hiding from yourself the fact that you know nothing at all. "A jaunty, cannily written memoir" (Chicago Tribune), Promise Land is cultural history from "a witty and enjoyably self-aware writer...Jessica Lamb-Shapiro's talent as a storyteller is undeniable" (The New York Times Book Review).**

This humorous and informative examination of the billion-dollar a year health industry describes the author's experiences trying to cure herself of phobias, date men by following "The Rules" and even a literal walk over hot coals.

A riveting, deeply personal account of history in the making—from the president who inspired us to believe in the power of democracy #1 NEW YORK TIMES BESTSELLER • NAACP IMAGE AWARD NOMINEE • NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • Jennifer Szalai, The New York Times • NPR • The Guardian • Marie Claire In the stirring, highly anticipated first volume of his presidential memoirs, Barack Obama tells the story of his improbable odyssey from young man searching for his identity to leader of the free world, describing in strikingly personal detail both his political education and the landmark moments of the first term of his historic presidency—a time of dramatic transformation and turmoil. Obama takes readers on a compelling journey from his earliest political aspirations to the pivotal Iowa caucus victory that demonstrated the power of grassroots activism to the watershed night of November 4, 2008, when he was elected 44th president of the United States, becoming the first African American to hold the nation's highest office. Reflecting on the presidency, he offers a unique and thoughtful exploration of both the awesome reach and the limits of presidential power, as well as singular insights into the dynamics of U.S. partisan politics and international diplomacy. Obama brings readers inside the Oval Office and the White House Situation Room, and to Moscow, Cairo, Beijing, and points beyond. We are privy to his thoughts as he assembles his cabinet, wrestles with a global financial crisis, takes the measure of Vladimir Putin, overcomes seemingly insurmountable odds to secure passage of the Affordable Care Act, clashes with generals about U.S. strategy in Afghanistan, tackles Wall Street reform, responds to the devastating Deepwater Horizon blowout, and authorizes Operation Neptune's Spear, which leads to the death of Osama bin Laden. A Promised Land is extraordinarily intimate and introspective—the story of one man's bet with history, the faith of a community organizer tested on the world stage. Obama is candid about the balancing act of running for office as a Black American, bearing the expectations of a generation buoyed by messages of "hope and change," and meeting the moral challenges of high-stakes decision-making. He is frank about the forces that opposed him at home and abroad, open about how living in the White House affected his wife and daughters, and unafraid to reveal self-doubt and disappointment. Yet he never wavers from his belief that inside the great, ongoing American experiment, progress is always possible. This beautifully written and powerful book captures Barack Obama's conviction that democracy is not a gift from on high but something founded on empathy and common understanding and built together, day by day.

NEW YORK TIMES BESTSELLER • NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW AND THE ECONOMIST Winner of the Natan Book Award, the National Jewish Book Award, and the Anisfield-Wolf Book Award An authoritative and deeply personal narrative history of the State of Israel, by one of the most influential journalists writing about the Middle East today Not since Thomas L. Friedman's groundbreaking From Beirut to Jerusalem has a book captured the essence and the beating heart of the Middle East as keenly and dynamically as My Promised Land. Facing unprecedented internal and external pressures, Israel today is at a moment of existential crisis. Ari Shavit draws on interviews, historical documents, private diaries, and letters, as well as his own family's story, illuminating the pivotal moments of the Zionist century to tell a riveting narrative that is larger than the sum of its parts: both personal and national, both deeply human and of profound historical dimension. We meet Shavit's great-grandfather, a British Zionist who in 1897 visited the Holy Land on a Thomas Cook tour and understood that it was the way of the future for his people; the idealist young farmer who bought land from his Arab neighbor in the 1920s to grow the Jaffa oranges that would create Palestine's booming economy; the visionary youth group leader who, in the 1940s, transformed Masada from the neglected ruins of an extremist sect into a powerful symbol for Zionism; the Palestinian who as a young man in 1948 was driven with his family from his home during the expulsion from Lydda; the immigrant orphans of Europe's Holocaust, who took on menial work and focused on raising their children to become the leaders of the new state; the pragmatic engineer who was instrumental in developing Israel's nuclear program in the 1960s, in the only interview he ever gave; the zealous religious Zionists who started the settler movement in the 1970s; the dot-com entrepreneurs and young men and women behind Tel-Aviv's booming club scene; and today's architects of Israel's foreign policy with Iran, whose nuclear threat looms ominously over the tiny country. As it examines the complexities and contradictions of the Israeli condition, My Promised Land asks difficult but important questions: Why did Israel come to be? How did it come to be? Can Israel survive? Culminating with an analysis of the issues and threats that Israel is currently facing, My Promised Land uses the defining events of the past to shed new light on the present. The result is a landmark portrait of a small, vibrant country living on the edge, whose identity and presence play a crucial role in today's global political landscape. Praise for My Promised Land "This book will sweep you up in its narrative force and not let go of you until it is done. [Shavit's] accomplishment is so unlikely, so total. . . that it makes you believe anything is possible, even, God help us, peace in the Middle East."—Simon Schama, Financial Times "[A] must-read book."—Thomas L. Friedman, The New York Times "Important and powerful. . . the least tendentious book about Israel I have ever read."—Leon Wieseltier, The New York Times Book Review "Spellbinding. . . Shavit's prophetic voice carries lessons that all sides need to hear."—The Economist "One of the most nuanced and challenging books written on Israel in years."—The Wall Street Journal

Manchild in the Promised Land is indeed one of the most remarkable autobiographies of our time. This thinly fictionalized account of Claude Brown's childhood as a hardened, streetwise criminal trying to survive the toughest streets of Harlem has been heralded as the definitive account of everyday life for the first generation of African Americans raised in the Northern ghettos of the 1940s and 1950s. When the book was first published in 1965, it was praised for its realistic portrayal of Harlem -- the children, young people, hardworking parents; the hustlers, drug dealers, prostitutes, and numbers runners; the police; the violence, sex, and humor. The book continues to resonate generations later, not only because of its fierce and dignified anger, not only because the struggles of urban youth are as deeply felt today as they were in Brown's time, but also because the book is affirmative and inspiring. Here is the story about the one who "made it," the boy who kept landing on his feet and became a man.

An analysis of how religious bias shaped U.S. federal Indian law.

The essential, "richly researched" biography of Harriet Tubman, revealing a complex woman who "led a remarkable life, one that her race, her sex, and her origins make all the more extraordinary" ("The New York Times Book Review). Harriet Tubman is one of the giants of American history—a fearless visionary who led scores of her fellow slaves to freedom and battled courageously behind enemy lines during the Civil War. Now, in this magnificent biography, historian Kate Clifford Larson gives us a powerful, intimate, meticulously detailed portrait of Tubman and her times. Drawing from a trove of new documents and sources as well as extensive genealogical data, Larson presents Harriet Tubman as a complete human being—brilliant, shrewd, deeply religious, and passionate in her pursuit of freedom. A true American hero, Tubman was also a woman who loved, suffered, and sacrificed. Praise for Bound for the Promised Land "[Bound for the Promised Land] appropriately reads like fiction, for Tubman's exploits required such documentation, physical stamina and pure fearlessness that only a very few would have even contemplated the feats that she actually undertook. . . . Larson captures Tubman's determination and seeming imperviousness to pain and suffering, coupled with an extraordinary selflessness and caring for others."—The Seattle Times "Essential for those interested in Tubman and her causes. . . . Larson does an especially thorough job of. . . uncovering relevant documents, some of them long hidden by history and neglect."—The Plain Dealer "Larson has captured Harriet Tubman's clandestine nature. . . . reading Ms. Larson made me wonder if Tubman is not, in fact, the greatest spy this country has ever produced."—The New York Sun

Eleven Days to the Promised Land is a timely realization of past and present times, a fascinating tale of how an impoverished boy from a civil war-torn and lawless country could find and appreciate tranquility, love, and success in America. He plunges into New York City in 1952 carrying along bad memories. In a new world fresh with possibilities, he holds fast to his father's promise of the American Dream, a dream that takes him far beyond anything he could have ever imagined. But amidst the exciting rise to triumph and success, tragedy strikes again, and the demons of his past return in vivid color to haunt him. Lost and bereft of his emotional compass, the man who thought he had it all loses his spirit. Is there a spark left in him to rise again? I want to share my story. One that's meant to bring the reader through the journey of my youthful desperation into a life of hope and inspiration. From a rustic childhood in my Greek village to the glittering heyday of NYC supper clubs. I want to share it all. The captivating, the heartfelt, the poignant, as well as uproariously amusing episodes involving world-famous icons and infamous personalities into whose orbits I was pulled. Frank Sinatra, Sammy Davis, Jr., Anthony Quinn, George Steinbrenner, Audie Murphy, Mafia members, and more. All well known names. Except for mine. My name is Dino Pavliou and this is my story.

The Egyptians in Exodus 1 were intent on enslaving the Israelites, wearing them down so that God's chosen people would become disillusioned and not live up to their destiny. Of the original two million Israelites who received God's invitation to enter the Promised Land, only two actually entered it! Similarly, modern day Christians often hear and understand the promises of God each Sunday morning at church but then rarely choose to experience them in everyday life. In One in a Million, Bible teacher Priscilla Shirer invites us to change that pattern for good, living beyond our circumstances and expecting to see God move in miraculous ways day after day. Without a doubt, we can find and follow God's purpose for our journey. We can make it to the Promised Land!
