Entry requirements (mental health nursing) | Health Careers

Most NHS trusts have arrangements in place for second opinion requests and, where possible, will work with you so you can see another mental health professional. Find contact details for your local NHS trust. You can also ask the mental health professional, your GP or your care co-ordinator if they can arrange for a second opinion for you.

Mental health assessments - NHS

Psychiatric nurses have a very challenging career. They must be prepared to manage patients with both mild and complex mental health disorders, and be alert to any deviations from their baseline. Because of the wide variety of mental health disorders and complex ways they can present, psychiatric nurses must be thoroughly trained and familiar with the care of this patient population to ensure treatment is leading to the best possible outcomes.
