Changes to Qatar Construction Standards. DOHA The Ministry of Municipalities and Environment (MME), in cooperation with private and public sectors, the Public Works Authority, and Qatar General Organization for Standardization, has modified the Qatar Construction Standards (QCS).

Changes to Qatar Construction Standards

A new technical regulation coming into force on 4 May gives guidance on how construction projects should be managed in Qatar, and establishes minimum acceptable quality in materials and workmanship. Known as QCS 2014, it will affect all contractors in the region, and may apply to live projects, Prescott said. "Qatar needs to continue to adopt, develop and maintain best international standards and practice in the construction industry.

Qatar Construction Standards 2014

In Britain, for instance, the Great Fire of 1666 saw the introduction of regulations designed to prevent a repetition of that disastrous event by requiring an early form of compartmentation together with stone construction. In Qatar the requirement for building regulations or standards were tied to the development of the State with the growth and influence of the merchants having a notable affect on their character and scope.

A background to building regulations in Qatar

3. Construction of approximately 7.7 km new foul sewer (pipe size 200-400mm) by open cut trench. 4. Replacement of approximately0.6 km existing gravity sewers. 5. Authorities and bodies. The Labour Law states that "there shall be established in the Department an organ to be named as the Work Inspection Organ aiming at the supervision of the application of the legislations concerning the protection of workers and shall have suborgans in the various parts of the State."This corresponds to all labour matters, which include OSH.

Occupational safety and health country profile: Qatar ...

On the shoreline of Qatar's coast lies Al Wakra, a historic fishing village that was once the centre of the country's pearling industry and surrounded by hundreds of docked boats. Today, Al Wakra is Qatar's second biggest city, with public beaches, a huge souq, and some of the best health, rail, and education infrastructure in the Middle East.
