Tales of Moonlight and Rain alludes to the belief that mysterious beings appear on cloudy, rainy nights and in mornings with the lingering moon. In "Shiramine," the vengeful ghost of the former emperor Sutoku reassumes the role of king; in "The Chrysanthemum Vow," a faithful revenant fulfills a promise; "The Kibitsu Cauldron" tells a tale of spirit possession; and in "The Carp of My Dreams," a man straddles the boundaries between the waking world and dream. Akinari's masterful combination of phrases from Japanese classics with creatures from Chinese and Japanese fiction and lore lend the collection its eerie beauty. This translation skillfully maintains the allure and complexity of Akinari's original prose.

Ajan is a Hunter, hired to travel to another planet by the ruler of the Mountain City in order to find and capture the leader of an opposing faction. His plans go awry when he encounters Rain, a rebel woman from the River Valley who stirs him in dangerous ways, despite the fact that she seems intent on killing him. His people are known for their high sex drives and strong, primal reactions - Ajan isn't sure if he will be able to control himself around Rain long enough to bring his target in. When secrets are revealed that make him question his mission, he finds himself working alongside Rain to get to the bottom of an interplanetary mystery that will change everything between them.

Akinari questioned the prevailing moral values and standards of his age whilst entertaining his readers with mystery and other-worldly occurrences.

From the best-selling author of 'Moonlight on the Avenue of Faith' a stirring, lyrical tale that offers American readers unique insight into the inner workings of Iranian society. In the decade before the Islamic Revolution, Iran is a country on the brink of explosion. Twelve-year-old Yaas is born into an already divided family: Her father is the son of wealthy Iranian Jews who are integrated into the country 's upper-class, mostly Muslim elite; her mother was raised in the slums of South Tehran, one street away from the old Jewish ghetto. Yaas spends her childhood navigating the many layers of Iranian society. Her task, already difficult because of the disparity in her parents ' worldview, becomes all the more critical when her father falls in love with a beautiful woman from a noble Muslim family. As her parents ' marriage begins to crumble and the country moves ever closer to revolution, Yaas is plagued by a mysterious and terrifying illness. But despite her ailment, when she learns that her father is about to abandon her and her mother — to immigrate to America with his mistress — Yaas is determined to save herself and her family. At once a cultural exploration of an as-yet-unfamiliar society and a psychological study of the effects of loss, Caspian Rain takes the reader inside the tragic and fascinating world of a brave young girl struggling against impossible odds.

This stunning fantasy inspired by Chinese folklore is a companion novel to Starry River of the Sky and the New York Times bestselling and National Book Award finalist When the Sea Turned to Silver In the valley of Fruitless mountain, a young girl named Minli lives in a ramshackle hut with her parents. In the evenings, her father regales her with old folktales of the Jade Dragon and the Old Man on the Moon, who knows the answers to all of life's questions. Inspired by these stories, Minli sets off on an extraordinary journey to find the Old Man on the Moon to ask him how she can change her family's fortune. She encounters an assorted cast of characters and magical creatures along the way, including a dragon who accompanies her on her quest for the ultimate answer. Grace Lin, author of the beloved Year of the Dog and Year of the Rat returns with a wondrous story of adventure, faith, and friendship. A fantasy crossed with Chinese folklore, Where the Mountain Meets the Moon is a timeless story reminiscent of The Wizard of Oz and Kelly Barnhill's The Girl Who Drank the Moon. Her beautiful illustrations, printed in full-color, accompany the text throughout. Once again, she has created a charming, engaging book for young readers.

When a former client jumps naked from a Boston landmark, Private Investigator Patrick Kenzie wants to know why. " [Lehane has] emerged from the whodunit ghetto as a broader and more substantial talent...When it comes to keeping readers exactly where he wants them, Mr. Lehane offers a bravura demonstration of how it 's done." —New York Times Moonlight Mile is the first Patrick Kenzie and Angela Gennaro suspense novel in more than a decade from the acclaimed, New York Times bestselling master of the new noir, Dennis Lehane. An explosive tale of vengeance and redemption—the brilliant sequel to Gone, Baby, Gone—Moonlight Mile returns Lehane 's unforgettable and deeply human detective duo to the mean streets of blue collar Boston to investigate the second disappearance of Amanda McCready, now sixteen years old. After his remarkable success with Mystic River, Shutter Island, and The Given Day, the celebrated author whom the Washington Post praises as, " one of those brave new detective stylists who is not afraid of fooling around with the genre 's traditions, " returns to his roots—and the result, as always, is electrifying.

Jake had spent most of his life trying to get closer to Maggie, with little to show for it. But she was the woman he'd always wanted, and no injury in the world could change that. Now if only he could convince her that the woman who stood before him was beautiful, desirable, whole...and meant to be his... Previously Published.
