The first publication of Raw Talent created an extraordinary flurry of publicity. Jerry Butler appeared on dozens of talk shows, capturing audiences with his intensity and charm. Reviews of the book lauded Butler's honesty and remarked on the double standard that permits explicit violence on film - but not explicit sex. The book sold out four printings; nonetheless, reactions within the adult film industry included heated debate and an unofficial blacklisting of Butler. The former star of X-rated films and winner of many awards, Jerry Butler wrote the book that many warned would finish him in the business that had rewarded him with money and fame. But it is characteristic of Butler that these warnings didn't prevent him from producing this devastatingly honest appraisal of the adult film trade - and of himself. For while Butler is frankly critical of an industry that treats actors and actresses like throw-away props, and allows unprotected sex in the age of AIDS, he reserves his most candid commentary for himself. Raw Talent tells the story of Butler's erotic voyage from average child to sex star. The epilogue added to this new edition answers the question: Where will Jerry go from here? . . . an unvarnished first-hand view of the adult film industry. . . Back StageEven though people might feel that Raw Talent shatters their fantasies, it illustrates the fakeness of porn and the carelessness of its makers. Bay NewsLove him or hate him, he's given us one controversial book. Adult Video NewsHe totally lets his hair down about the business, the people in it. Anyone fascinated by sex should really get into this book. Big fun. Midwest Record RecapA first-rate page turner. The New EditionA devastatingly accurate portrait of the male American libido. New York Post

This is a book about the US motion picture industry - its structure and policies, its operations and practices. It looks at the processes that are involved in turning raw materials and labor into feature films. It describes the process of film production, distribution, exhibition and retail - a process that involves different markets where materials, labor and products are bought and sold. In other words, this is a book about how Hollywood works - as an industry. How Hollywood Works: - offers an up-to-date survey of the policies and structure of the US film industry - looks at the relationship between the film industry and other media industries - examines the role of the major studios and the other 'players' - including, law firms, talent agents, and trade unions and guilds - provides access to hard-to-find statistical information on the industry While many books describe the film production and marketing process, they usually do so from an industry perspective and few look at Hollywood critically from within a more general economic, political and social context. By offering just such a critique, Janet Wasko's text provides a timely and essential analysis of how Hollywood works for all students of film and media.

First published in 2012. Routledge is an imprint of Taylor & Francis, an informa company.

What are the challenges and opportunities of managing people in creative industries? How are the tensions between creative and commercial pressures mediated? The creative industries are an area of increasing economic importance. Yet creative industries and creative-based organizations are rife with problems such as whether and how control of the creative process should be exercised; the extent to which knowledge of creative production may be made explicit; and how the 'connection' between producer and consumer should be mediated. In Managing Creativity a team of experts from a diverse range of fields - including management, fine art, music, the internet, design, theatre and publishing - discuss these and other problems concerning the relationship between management and creativity. Developing an appreciation of these problems is theoretically productive, not only because it throws light onto our understanding of creative-based organizations, but also because it can be revelatory about organizations more generally.

Fourteen-year-old Paisley loves to sing. She dreams of being a pop star just like her idol, Denzi, who also grew up in the small town of Stonehill. The problem is, Paisley suffers from severe stage fright. She can only sing in private. When word gets out that a famous Stratford actor who has worked with Denzi is staying at a local B&B, Paisley decides it's time to face her fears. She convinces the actor to tutor her and signs up to sing in a high-profile fundraiser.

If you're looking for clear-cut information on how to make a film on a minimal budget that is based on tried and tested techniques - look no further. Elliot Grove has worked on hundreds of low-budget productions, teaches Lo-to-No Budget filmmaking courses and runs the Raindance Film Festival (the largest independent film festival in Europe.) His wealth of teaching and filmmaking experience combined with knowledge of the winning formulas that work is the basis of this book. Refreshingly clear, no-nonsense tricks of the trade. The free CD provides all the contracts and material you need to run a production company and make successful low budget movies; how to schedule, budget and break down a script and how to get it shot with what you have, not what you want. This is a must have read for filmmakers serious about making and selling films. Creative and technical expertise coupled with a behind the scenes look at the film industry makes this book an excellent starting point for beginners. For experienced filmmakers there are plenty of practical approaches in here for you to try, from developing CV's, showreels and business plans to information on pitching, raising finance, creating publicity and much much more. Use it as a point of departure or as an everyday reference tool. The accompanying CD-ROM contains sample budgets, publicity plans, trailers and interviews.

Christmas, 1995. A 14-year-old girl is kidnapped by a bloodthirsty Satanic cult. Bob Hightower, the girl's father and a small-town cop, embarks on a desperate mission to find her, but his only hope lies with Case Hardin, an ex-cult member and ex-junkie living in a halfway house in Hollywood.

This practical sourcebook has been specially prepared to give you an at-a-glance guide to quality video program-making on a modest budget. Emphasis throughout is on excellence with economy; whether you are working alone or with a small multi-camera group. The well-tried techniques detailed here will steer you through the hazards of production, helping you to avoid those frustrating, time-wasting problems, and to create an effective video program. For many years Video Production Handbook has helped students and program-makers in a wide range of organizations. Now in its thoroughly revised 3rd edition, Video Production Handbook guides you step-by-step, explaining how to develop your initial program ideas, and build them into a successful working format. It covers the techniques of persuasive camerawork, successful lighting and sound treatment, video editing...etc. You will find straightforward up-to-the-minute guidance with your daily production problems, and a wealth of practical tips based on the author's personal experience. In this extended edition, you will see how you can use quite modest chromakey facilities and visual effects to create the magic of virtual reality surroundings. Gerald Millerson's internationally acclaimed writings are based on a long and distinguished career with the BBC. His lecturing background includes TV production courses in the United States and UK. His other books for Focal Press have become standard works in a number of languages, and include his classic course text Television Production 13th ed, Effective TV Production 3rd ed, Video Camera Techniques 2nd ed, Lighting for TV and Film 3rd ed, Lighting for Video 3rd ed and TV Scenic Design.

Intimate ,honest and penetrating account - Raghu Rai About The Book " Me too " – simple words, mostly and since time immemorial used to express or reciprocate something as beautiful as " I Love You " have morphed into a rallying cry of coercion and How!!! Suddenly, one day, a deluge of " Me Too " stories stormed the digital media and our lives. One day?!! But assault and harassment happen each day, each passing moment, to each and every one. While the " Me Too " movement has been the most important cultural shift happening with mammoth changes happening within institutions and individuals in the world. ' Me Too ' stories of those who loosened their seals of silence... turning the ' Shy ' to ' Why???? ' About The Author Karan Puri is an author and his first fiction novel "Shit Happens - A desi boy in America" has been a bestseller. The book also got mention in the India Today Top 20 books in 2012. Karan is a freelance writer in Lifestyle for various publications and also runs his own digital marketing consultancy. Earlier he has also worked in marketing in leading corporates like Coca-Cola and Ernst & Young to name a few apart from being a renowned Lifestyle blogger and leading Food Influencer.
