critically ill patients! Synergy for Clinical Excellence: The AACN Synergy Model for Patient Care enhances the understanding of The Synergy Model in practice. Based on a decade of work by the American Association of Critical-Care Nurses, the text encompasses the history and development of the nurse and patient characteristic inherent in The Synergy Model, and then thoroughly addresses each characteristic individually and applies the model in practice. Includes sample test questions relevant to the model that will assist nursing students in preparing for certification through AACN, and provide further examples of the integration of the Synergy Model in practice.

The Future of Nursing explores how nurses' roles,

responsibilities, and education should change significantly to meet the increased demand for care that will be created by health care reform and to advance improvements in America's increasingly complex health system. At more than 3 million in number, nurses make up the single largest segment of the health care work force. They also spend the greatest amount of time in delivering patient care as a profession. Nurses therefore have valuable insights and unique abilities to contribute as partners with other health care professionals in improving the quality and safety of care as envisioned in the Affordable Care Act (ACA) enacted this year. Nurses should be fully engaged with other health professionals and assume leadership roles in redesigning care in the United States. To ensure its members are well-

Age-Of-Managed-Care prepared, the profession should institute residency training for nurses, increase the percentage of nurses who attain a bachelor's degree to 80 percent by 2020, and double the number who pursue doctorates. Furthermore, regulatory and institutional obstacles -- including limits on nurses' scope of practice -- should be removed so that the health system can reap the full benefit of nurses' training, skills, and knowledge in patient care. In this book, the Institute of Medicine makes recommendations for an action-oriented blueprint for the future of nursing.

Integrates the perspectives of contemporary nurse leaders to foster an innovative, collaborative future Encompassing the wisdom of both established and emerging nurse leaders, this expansive book demonstrates proof of theory in action and the influence of our great nursing legacy on today's luminaries as they carve out new terrain to benefit current and future health care needs. With a far-reaching, ambitious perspective, it is the first text to link the ideas of nurse leaders from very diverse specialty areas including holism, advanced practice, education, policy, global health, journalism, and spiritual communities. The book examines the professional and scholarly accomplishments of these nurse leaders within an historical context, and facilitates succession planning for

Age of Managed Care through a combination of outcomes-based writing, storytelling and personal reflection. Dozens of expert contributors from practice and theory arenas describe how to develop leadership skills and tactics through the implementation of local, national, and international initiatives. With an eye to creative evolution in education, research and clinical settings, they discuss how emerging nurse leaders can be agents of change—beyond the confines of traditional practice and curricula--through innovation and collaboration. Contributors also relate the circumstances and experiences that sparked their nursing passions, the moral/ethical foundation from which they practice, and inspired messages toward communal, societal, and global impact within nursing of the future. Each chapter author follows a template to

gained the trust and respect from a new generation of young women. In It's All About the Woman Who Wears It, Judge Perez lends the same candid voice, humor, and understanding that she applies in Cristina's Court to ten impactful laws. Together, these laws can teach women that the real essence of being sexy comes from a strong sense of identity. They address the problems women commonly face that prevent them from realizing their full potential for happiness. Sharing personal experiences that have made her the confident woman she is today as well as the many real-life lessons imparted from her cases, Judge Cristina's words will resound among this new generation of women who take a no-nonsense approach to life and, above all else, want to be true to themselves.
