File Type PDF Remedial English Grammar For Foreign Students

This Workbook is a review tool of the whole of English Grammar to help students both, native and foreign learners of English around the world. In addition to a sufficient number of exercises provided and necessitated by the brief explanation of some Grammar points in Section Two of the Workbook, the Workbook contains a large number of Grammar Review Exercises incorporating all the grammar rules (nearly 460 rules) that a user of English employs, which the learner of English as a Foreign Language is taught from the beginner to the advanced levels of his or her language learning process, with an answer key provided at the end of each review exercise. The review exercises were not haphazardly written, but were the result of many years of personal involvement in program development, text and test writing, research and note-taking in order to decide which item must come in each Review Level, based on necessity and ease or difficulty. The user will, therefore, find at the beginning of each level a list of the items reviewed. This does not mean that the items may not re-appear later on as many may re-surface every-now-and-then in an interesting cyclic way for consolidation, unity of topic, necessity and coherence. The journey into this workbook begins with a self-assessment that contains two exercises of 100 grammar questions each, the results of which should act as a guide to the Workbook user of how much effort he or she may have to put in reviewing the grammar rules. The Assessment exercises are a gateway to the workbook and a gateway to success in career and life. Admittedly, the workbook is spiced by some inserts that make it interesting and beneficial to different users, such insert include a brief section of business and banking related exercises to provide a student of business, or a banking career seeker the chance to assess his or her level of understanding some business and banking language, which is by no means comprehensive; another insert emphasizes some common mistakes made by foreign learners. In addition to this, in Section Five of the workbook, the user will find a few vocabulary enrichment exercises derived from lively day-to-day conversations. Finally, whether the user of this Workbook is a high school student, a university student or a job seeker, the Workbook is an excellent tool and 'A Road to College and Career Success' only if the exercises are given the time and the effort required! My piece of advice to users is to make a few copies of the blank answer sheet provided at the end of the Workbook to write down the answers to the questions in the Review Exercises, then to compare their own answers with the answer key provided at the end of each Exercise. Good luck!

This new edition has been updated and revised to accompany the Fifth edition of English Grammar in Use, the first choice for intermediate (B1-B2) learners. This book contains 200 varied exercises to provide learners with extra practice of the grammar they have studied.

The easy way to brush up on your English skills Is it good or well? There, their, or they're? Some people don't have to think twice about using proper English, but for the rest of us it can get tricky and confusing. Whether you're writing or speaking, it's all too easy to fall prey to simple mistakes that will represent you in a less-than-desirable light—which can potentially cost you a job or put you in an embarrassing social situation. Avoiding complicated grammar rules, Basic English For Dummies sticks to the basics and makes it easy to get up and running on what you need to know to partake in successful everyday communication, no matter your audience or medium. Inside, you'll find plenty of examples and exercises, guidance on how to structure sentences to make yourself easily understood, and so

File Type PDF Remedial English Grammar For Foreign Students

much more. In no time, you'll leave the 'me or I?' debate at the door and speak and write confidently and correctly. Plus, you'll expand your vocabulary, find the right tone and style you want to convey in your communication, and avoid common English language pitfalls. Includes quizzes and self-tests Provides guidance on composing letters, emails, texts, and phone calls Explains in plain English how to improve your English skills Gives you instruction and exercises on putting your skills to practice right away If English is your first language, but you missed or have forgotten the nuances that were taught in school, Basic English For Dummies is your go-to guide. It is also ideal for those learning English as a second language.

Whether championing the grammatical analysis of phrases and clauses or arguing for the vital importance of sentence diagramming, Mulroy offers a lucid, learned, passionate account of the history, importance, and value of grammar.

This book describes the English grammar weaknesses manifested in the written work of young Cameroonians in tertiary education. It identifies the areas where the problems are most acute, seeks the reasons for such low grammar competences, and suggests possible solutions to the problems. The Error Analysis Approach suggested by authors like S.P. Corder and J.C. Richards was used to carry out the study. The book will be of interest to all L2 learners and teachers of English, to language policy makers of L2 English, and to all those who wish to see that Standard British English is preserved to a greater extent in English-speaking places outside Britain, despite the on-going indigenisation of this global language.
