The Government has recognised the risks of poor productivity growth and made improving it a policy priority. As the Chancellor George Osborne stated in the first Budget of the Conservative government in 2015: "our weak productivity shows we don't train enough or build enough or invest enough. This we are determined to change".

It needs simultaneous and decisive policy action to improve efficiency of the infrastructure investment process and regulation of services—what we refer to as software. Our study provides an in-depth diagnostic of access, quality, and affordability of infrastructure services in the region as well as examples of regulatory policies that have achieved tangible progress in service provision.
