For sixty-three days the Wehrmacht methodically set about crushing the rebellion and destroying the city. Following the battle's desperate progress through the cellars and sewers of Warsaw, Rising '44 retrieves its subject from the shadows of history, revealing its pivotal importance to the outcome of World War II and the Cold War that followed.

Rising '44: The Battle for Warsaw - Norman Davies - Google ...

The rising of August 1944 concerns the city holding out against the Nazis for 63 days, with the loss of 200,000 lives. True to their compulsive nature and Hitler’s psychotic obsession with the “subhumanity” of Poles, the Germans then destroyed Warsaw street by street.

A detailed account of the August 1944 battle for control of Warsaw describes how the Polish Resistance mobilized to expel the Germans and discusses the tragic consequences of Stalin's halting of the Russian offensive, a move that cost the lives of thousands of Polish citizens and the destruction of the city. Reprint.

A vivid exploration of what it means to be Central European using the city of Breslau as a microcosm of the region. Central Europe has always been endowed with a rich variety of migrants and settlers, and has repeatedly been the scene of nomadic invasions, mixed settlements and military conquests. As a result, the area has witnessed a profusion of languages, cultures, religions and nationalities. The history of Silesia's main city can be seen as a fascinating tale in its own right, but it is more than that. It embodies all the experiences which have made Central Europe what it is - the rich mixture of nationalities and cultures; the German settlement and the reflux of the Slavs; a Jewish presence of exceptional distinction; a turbulent succession of Imperial rulers; and the shattering exposure to both Nazis and Stalinists. In short, it is a Central European microcosm. The third largest German city of the mid-nineteenth century, Breslau's population reached one million in 1945, before the bitter German defence of the city against the Soviets wrought almost total destruction. Transferred to Poland after the war, Breslau has risen from ruins and is again a thriving economic and cultural centre of the region.

The definitive account of the Soviet Air Force in World War II. Provides a fast-paced, riveting look at the air war on the Eastern Front as it has never been seen before.

You are invited to visit an imaginary world and share the experiences and struggles of the unwilling victims being placed there.First book by this author, the story has been in my head for many years, I am glad to finally be able to share it, watch out for sequels as my empty head soon started to fill up again.

Ashlyn Woods can't wait to put her past behind her and start her life over as a normal college student. But her plans take an unexpected turn when she discovers that she is a Soterian: a person who develops amazing powers when the balance of good and evil shifts too far in evil's favor. Soon she and the other Soterians are learning to use their powers to prevent California from being plunged into chaos. But they quickly discover that they're up against a much more dangerous enemy than they anticipated. And when Ashlyn meets Kai, a devastatingly gorgeous guitar player, she realizes she must sacrifice more than she ever imagined.

And much more...

The history of contemporary Ireland and its struggle for independence—excerpted from internationally bestselling author Norman Davies’s Vanished Kingdoms Vanished Kingdoms introduces readers to once-powerful European empires that have left scant traces on the modern map. In this excerpt from his widely acclaimed book, Norman Davies chronicles the history of the Republic of Ireland and Northern Ireland during what is referred to as the Era of National Liberation. Beginning with the Easter Rising of 1916, Davies recounts the difficulties of establishing Home Rule, which would allow for autonomous self-government under the British Crown, and the impact of the IRA and its fraught relationship with the Catholic Church. Along the way, Davies includes stirring portraits of the groundbreaking leaders who fought for Irish independence, such as Eamon de Valera and his organization Sinn Fein, and the well-known songs and poems that helped galvanize a sense of national pride. A selection from the work The Boston Globe has called “commendably accessible, magisterial, and uncommonly humane,” The Battle for Ireland provides a concise overview of modern Irish politics and history with Davies’s characteristic vigor and intelligence.
