Running The Tides
Running the Tides may not be much different from other lesfic romances, the plot follows a well-trotted pattern we all recognize (including the classic 80s break up drama-rama). What made this one stand out (at least for me) was the delicious sexy flirty goodness that was Olivia.

Tides are water movement created by the sun and moon. Each day the water comes from the ocean and travels inland then back again "twice". Some areas of the Delta the water goes up and down and other areas have current. The water level moves 1 to 6 ft per tide and advances forward about 70 minutes each day.
