SACE STAGE 2 BIOLOGY - missgillett.weebly.com

Stage 2 Biology is a 20-credit subject at Stage 2. Stage 2 Biology focuses on the development of an understanding of the overarching principles of biology, such as the relationship between structure and function, the importance of regulation and control, and the need for the exchange of materials and the transformation of energy. These principles, together with that of the continuity of life, involving adaptation and change, provide a framework within which students can explore aspects of ...

Stage 2 in 2018 | Biology | SACE - Biology - South ...

Assessment in SACE Stage 2 subjects emphasises the important place of teacher judgement about the quality of student learning against a subject's performance standards. This judgement is supported by comprehensive systems of quality assurance. Performance standards offer opportunities for teachers and students to improve the quality of teaching and learning.
