This extensive undertaking, Accelerator Mass Spectrometry, conducts an elaborate and comprehensive summary of one of the foremost catalysts of progress in scientific research. Accelerator mass spectrometry (AMS), an innovative analytical technique, measures rare atoms at unprecedented levels of sensitivity, revolutionizing the science of radiocarbon dating and accessing new natural radioisotopes as environmental tracers and chronometers. This book demonstrates how AMS is applied in the studies of extraterrestrial materials, the earth sciences, the future of the global environment, and the history of mankind. This compendium also highlights the significant impact of AMS on several fields of scientific investigation, spurring remarkable studies in global climate change, ancient artifacts, pollution, nuclear safeguards, geochronology, and materials characterization. The myriad of sample types and variety of applications in this examination include: Meteorites from Mars Ancient air trapped in Antarctic ice The Shroud of Turin The dating of human bones The colonization of the Americas and Australia Ancient rock art The crown of Charlemagne Cancerogenic effects of cooked meat The consequences of the Chernobyl accident The role of aluminum in Alzheimer's Disease This unique edition has compiled the diverse set of scientific literature into a single volume, suitable as a text or resource on the major AMS-related outcomes, issues, and methods.

Prepare for the real world of family nursing care! Explore family nursing the way it's practiced today—with a theory-guided, evidence-based approach to care throughout the family life cycle that responds to the needs of families and adapts to the changing dynamics of the health care system. From health promotion to end of life, a streamlined organization delivers the clinical guidance you need to care for families. Significantly updated and thoroughly revised, the 6th Edition reflects the art and science of family nursing practice in today's rapidly evolving healthcare environments.

The scores, parts and MASTER TRACKS Alain Caron's CD Rhythm'n Jazz. The play-along CD contains the exact tracks that appear on Alain's album -- minus the bass -- so you can play with these great musicians. Songs include: The Bump \* Fat Cat \* District 6 \* Slam the Clown \* Little Miss Match \* I.C.U. \* Cherokee Drive \* Fight of the Bumble Bee \* Donna Lee \* Intuitions.

Brilliant, wealthy, and beautiful Emma Weiss, PhD, moves to charming, moss-laden Savannah and buys her dream house. She meets gorgeous, sexy Jake Stanton, who appears to be her soul mate in every way. Before she realizes what's happening, she falls in love with him - and becomes entangled in a web of deceit, drugs, and the law when she learns that her sexy lover has been a long-struggling drug addict. Does Emma find the strength to overcome her addition to him and to deal with his addiction to drugs?

Weight Loss Boss is a frank, funny, and groundbreaking guide to surviving and thriving in an obesogenic world, from the CEO of Weight Watchers International. We live in a dangerous food world, full of temptation and instant gratification. No wonder obesity among Americans has tripled since the 1960s—and that those prone to weight gain fail over and over to maintain their hard-won goals. Simply put, our brains and environments are stacked against us. Simplistic willpower-based and food-focused diets will never bring lasting change. But a solution is within reach—one that will help readers live better, longer, and more happily. In fact, David Kirchoff isn't just the President and CEO of Weight Watchers—he's also one of its biggest success stories. In his pursuit of a trim physique, Kirchoff divulges his slide into full-fledged obesity, his struggles to manage his relationship with food, and to find an exercise regimen that sticks. Drawing on the latest scientific research and numerous other inspiring personal stories, he makes the case that the only recipe for long-term success is to radically shift our mindset when thinking about obesity and adopting a healthy lifestyle that stays with us for good. This requires incorporating positive habits that become second nature, and rigorously managing one's food environment—as well as embracing practical behavior-change tools and other sustainable maintenance strategies. In the light of a new, healthier lifestyle that helps readers look good and feel good, change isn't a burden—it's a release.

A fun, romantic read, perfect for fans of Sarah Dessen and Susane Colasanti! What happens when Matt and Ella reunite one year after their breakup? Are second chances really possible? Before Matt, Ella had a plan. Get over her ex-boyfriend and graduate high school—simple as that. But Matt—the cute, shy, bespectacled bass player—was never part of that plan. And neither was attending a party that was crashed by the cops just minutes after they arrived. Or spending an entire night saying "yes" to every crazy, fun thing they could think of. But then Matt leaves town, breaking Ella's heart. And when he shows up a year later—wanting to relive the night that brought them together—Ella isn't sure whether Matt's worth a second chance. Or if re-creating the past can help them create a different future.
