Sap Sd Ps Integration Delivery When i create Delivery by VL01N, i am getting only A as deliverable material. Actually when customer orders Material A, after Project systems only i comes to know B C or D is Deliverable material. Thats why SD is very tightly integrated with PS. We decided to go for Milestone Billing also.

SAP MM Integration with SD-PM-PS-FI-WM-QM modules ... If the finished product is available, then it can be delivered to the customer by converting SO to outbound delivery, then perform Goods Issue (GI) transaction based on outbound delivery in inventory management.

~~SAP MM Integration with SD-PM-PS-FI-WM-QM modules~~

SAP FI-MM-SD INTEGRATION Link Between SAP SD, MM and FI The link between SD and MM :- 1. When you create sales order in SD, all the details of the items are copied from Material master of MM. 2. MRP and availability check related data is also taken from MM although you control this data in SD also. 3. While you create inbound/outbound delivery with reference to a sales order, the shipping point determination takes place with the help of the loading group, plant data, shipping conditions etc.
