Scania is now offering five different performance steps of its most common engine, the inline six: 370, 410, 450, 500 and 540 hp (see chart below). The new 540 “ The powerful 540 is mainly intended for customers and markets where legal aspects regarding front axle loads keep them from choosing a V8, ” says Vlaskamp.

Scania adds a 540 hp version to its 13-litre engine range ...

or switch off the engine. Note: • Scania recommends filling coolant using the coolant trolley (part number 588 540) via the drain and filler nipple. This is to minimise the occurrence of trapped air in the cooling system. • If the coolant trolley is not available, it is also possible to fill coolant via the expansion tank, see exceptions below. Use appropriate containers to collect the ...
